The Curious Feminist Searching For Women In A New Age Of Empire:

The Curious Feminist Cynthia Enloe, 2004-12-15 This brings together much of Enloe's recent work including her famous pieces on sneakers and feminism as well as showcasing some new unpublished pieces *Finding Gender Equality in the Women, Peace, and Security Agenda* Barbara K. Trojanowska, 2022-03-28 This interdisciplinary book explores how the policy goal of gender equality operates in arguably the most masculinist area of politics peace and security Gender equality was set on the international peace and security agenda with the adoption of UN Security Council Resolution 1325 in 2000 and the inception of the Women Peace and Security WPS agenda Celebrated internationally as an outcome of feminist advocacy efforts the WPS agenda has over time become a site of contestation Security institutions have questioned the placement of the gender equality objective within the peace and security sector whereas feminist advocates have expressed their concerns about the capacity of security institutions to support gender equality in meaningful ways Drawing on insights of nearly seventy UN government international and local civil society experts the book offers a systematic take on key gender equality debates within the WPS agenda in the case studies of UN Security Council ASEAN and Pacific Islands Forum and Governments of the Philippines and Australia By looking back at the dilemmas of gender equality policymaking and their paradoxical effects in conflict and post conflict situations the book also looks forward to the third decade of the WPS agenda and the long term impact of the agenda on the political struggle for gender equality in peace and security **Female Combatants after Armed Struggle** Niall Gilmartin, 2018-12-07 This book stems from a simple feminist curiosity that can be succinctly summed up into a single question what happens to combatant women after the war Based on in depth interviews with 40 research participants mostly former combatants within the Irish Republican Army IRA this book offers a critical exploration of republican women and conflict transition in the North of Ireland Drawing on the feminist theory of a continuum of violence this book finds that the dichotomous separation of war and peace within conventional approaches represents a gendered fiction Despite undertaking wartime roles that were empowering agentic and subversive this book finds that the post conflict moment as experienced by female combatants represents not peace and security but a continuity of gender discrimination violence injustice and insecurity The experiences and perspectives contained in this book challenge the discursive deployment of terms such as post conflict peace and security and moreover shed light on the many forms of post war activism undertaken by combatant women in pursuit of peace equality and security The book represents an important intervention in the field of gender political violence and peace and more specifically female combatants and conflict transition It is analytically significant in its exploration of the ways in which gender operates within non state military movements emerging from conflict and will be of interest to students and scholars alike Political Women Michele Lockhart, Kathleen Mollick, 2013-09-25 This collection examines the ways in which women have used political rhetoric and political discourse to provide leadership or assert their right to leadership at the national level While over the years women

have broken through traditional roles they are still underrepresented in political leadership In this text scholars consider the various factors that continue to restrict political leadership opportunities for women as well as some of the ways in which individual women have strategically sought to enact political power and leadership for themselves The contributors analyze various case studies of leadership positions at the national level looking at women who have run been nominated to run or appointed to national positions The interdisciplinary approach lends itself to rhetoric political rhetoric political discourse leadership studies women s studies gender issues satire pop culture **Feminist Collections** ,2008 *War & Terror* Karen Alexander,M.
