The Dada Seminars Leah Dickerman,Matthew S. Witkovsky,2005 Includes 12 illustrated essays these case studies on artists and concepts present Dada as a coherent movement with a set of operating principles     Anarchism and the Advent of Paris Dada Theresa Papanikolas,2017-07-05 Anarchism and the Advent of Paris Dada sheds new light on Paris Dada s role in developing the anarchist and individualist philosophies that helped shape the cultural dialogue in France following the First World War Drawing on such surviving documentation as correspondence criticism periodicals pamphlets and manifestoes this book argues that contrary to received wisdom Dada was driven by a vision of social change through radical cultural upheaval The first book length study to interrogate the Paris Dadaists complex and often contested position in the postwar groundswell of anarcho individualism Anarchism and the Advent of Paris Dada offers an unprecedented analysis of Paris Dada literature and art in relation to anarchism and also revives a variety of little known anarcho individualist texts and periodicals In doing so it reveals the general ideological diversity of the postwar French avant garde and identifies its anarchist concerns in addition it challenges the accepted paradigm that postwar cultural politics were monolithically nationalist By positioning Paris Dada in its anarchist context this volume addresses a long ignored lacuna in Dada scholarship and more broadly takes its place alongside the numerous studies that over the past two decades have problematized the politics of modern art literature and culture

**Dada Magazines** Emily Hage,2020-12-24 Dada magazines made Dada what it was diverse non hierarchical transnational and defiant of the most fundamental artistic conventions This first volume entirely devoted to Dada periodicals retells the story of Dada by demonstrating the centrality of these graphically inventive provocative periodicals Dada New York Dada Dada Jok and dozens more that began crossing enemy lines during World War I The book includes magazines from well known Dada cities like New York and Paris as well as Zagreb and Bucharest and reveals that Dada continued to inspire art journals into the 1920s Anchored in close material analysis within a historical and theoretical framework Dada Magazines models a novel multifaceted methodology for assessing many kinds of periodicals The book traces how the Dadaists Marcel Duchamp Tristan Tzara Dragan Aleksic Hannah H ch and many others compiled printed distributed and exchanged these publications At the same time it recognizes the journals as active agents that engendered the Dada network and its thematic chronological structure captures the constant exchanges that took place in this network With in depth scrutiny of these magazines and 1970s Dadazines inspired by them Dada Magazines is a vital source in the histories of art and design periodical studies and modernist studies     *Dada 1916 in Theory* Dafydd Jones,2014-06-19 This book presents theoretical engagements with Dada the cultural formation routinely characterised as revolutionary in order to contest perpetuated assumptions that underlie the popular myth     Dada and Existentialism Elizabeth Benjamin,2016-08-30 Offering new critical approaches to Dada as quintessential part of the Avant Garde Dada and Existentialism the Authenticity of Ambiguity reassesses the movement as a form of proto Existentialist philosophy Dada is often dismissed as an anti art

movement with a merely destructive theoretical impetus French Existentialism is often condemned for its perceived quietist implications However closer analysis reveals a preoccupation with philosophy in the former and with art in the latter Moreover neither was nonsensical or meaningless both reveal a rich individualist ethics aimed at the amelioration of the individual and society The first major comparative study of Dada and Existentialism this text contributes new perspectives on Dada as movement historical legacy and field of study Analysing Dada works through Existentialist literature across the themes of choice alienation responsibility freedom and truth the text posits that Dada and Existentialism both advocate the creation of a self that aims for authenticity through ambiguity *The Dada Spirit* Emmanuelle de L'Ecotais,2002 Dada This onomatopoeia suggesting a child's babbling started one of the most important mutations in the history of art But what is Dada Born of the First World War Dada is a movement bringing together both artists and writers From Zurich in 1916 it spread rapidly to New York Berlin Hanover Cologne and finally to Paris where it died in 1924 Because of the diversity of its creations the Dada movement is not an ism of the art world there is no Dada style although a single spirit does govern the works of this movement which is at once anti conformist anti bourgeois and above all anti artistic **The Dada Reader** Dawn Ades,2006 The revolutionary artistic and political movement Dada emerged amid the unprecedented carnage of the First World War This work provides a selection from key Dada texts ideal for anyone interested in one of the most influential movements of the 20th century **Seminar in Latin America on Constitutional and Political Theory** ,2008
