## **Small Buildings:**

The Trade-off Between Collector Area, Storage Volume, and Building Conservation in Annual Storage Solar Heating Systems Sanford Sillman, 1981 The objective was to develop a comprehensive understanding of the performance of active solar heating systems with intermediate and annual cycle storage A daily step computer simulation was used to determine the performance of solar heating systems as collector and storage size was varied Simulations were performed for systems in four cities in the U S Boston MA Medford OR Bismarck ND and Albuquerque NM The study assumed various building load types and includes both flat plate and evacuated tube collectors at different tilt angles and single tank and two tank systems A unique feature of this study was the investigation of systems used to provide backup heat for passive solar and energy conserving buildings and to meet standard building loads

**Information Technology for Energy Managers** Barney L. Capehart, 2003-11-07 Covering the basic concepts and principles of Information Technology IT this book gives energy managers the knowledge they need to supervise the IT work of a consultant or a vendor The book provides the necessary information for the energy manager to successfully purchase install and operate complex Web based energy information and control systems Filled with comprehensive information this book addresses the most significant concepts and principles that the typical energy or facility manager might need with emphasis on computer networking use of facility operation databases and sharing data using the Web and the TCP IP communications protocol

**Old Norse Religion in Long-term Perspectives** Anders Andrén, 2006-01-01 The study of Old Norse Religion is a truly multidisciplinary and international field of research The rituals myths and narratives of pre Christian Scandinavia are investigated and interpreted by archaeologists historians art historians historians of religion as well as scholars of literature onomastics and Scandinavian studies For obvious reasons these studies belong to the main curricula in Scandinavia but are also carried out at many other universities in Europe the United States and Australia a fact that is evident to any reader of this book In order to bring this broad and varied field of research together an international conference on Old Norse religion was held in Lund in June 2004 About two hundred delegates from more than fifteen countries took part The intention was to gather researchers to encourage and improve scholarly exchange and dialogue and Old Norse religion in long term perspectives presents a selection of the proceedings from that conference The 75 contributions elucidate topics such as worldview and cosmology ritual and religious practice myth and memory as well as the reception and present day use of Old Norse religion The main editors of this volume have directed the multidisciplinary research project Roads to Midgard since 2000 The project is based at Lund University and funded by the Bank of Sweden Tercentenary Foundation
