who aspire to become pilot and how he build his life to achieve his goals This is a self help book to motivate you to do better in life and to enhance your performance      **Lasting Happiness and Well-Being** H. George Adams,James Allen,Baron d'Holbach,&Al.,2018-10-12 Based on the works of great philosophers this book deals with how to identify and develop the state of mind that leads on the path of lasting happiness and well being We must determine what makes us really happy then look for how to reach it Happiness seems difficult to achieve because there is no universal recipe to be happy What some are looking for to be happy others have already found it but they are still not happy This is shown by the following quote I cried because I had no shoes until I met a man who had no feet This man who could not afford shoes had reason to complain and not be happy he had to walk barefoot everyday everywhere on burning ground rocky and thorny or in the cold Those who have already walked barefoot in the warm sand know how much the soles of the feet suffer from it and they could confirm how nice it is to have shoes Yes this man was right to think that he would be happier if he had shoes However he realized the privilege of having feet to walk when he met that disabled man for whom having shoes was far from being his first concern He would have been happy if only he could at least walk barefoot Since that day he stopped complaining and decided to appreciate his chance this happiness of having feet to walk He realized that others are more misfortuned Many things that we have and to which we no longer pay attention would make someone happy Yes the conditions of happiness are not the same for everyone We always think we could not be happy without certain conditions Someone would say I d be so happy if I had a little more money And he would remain in the unfortunate expectation of that day he would have enough money to be happy Another would say I d be happy if I could find the love of my life And life would be morose to him if ever the dreamed love was found I would be so happy if I found work would say another one And during the period of unemployment he could not perceive all the other sources of happiness he has around him his sadness would be so great We also hear others say how to be happy with this gloomy weather Ah I would be happy if I could live in a sunnier region And they are waiting for the good weather to be happy However we have already seen richer people who are not really happy They seem to have everything we need but they didn t find happiness Or people who live with the woman or the man of their life who are not happy They still miss something Thus the right question to ask oneself is this have I really decided to be happy It is a wrong conception of happiness that prevents men from being able to reach it We are often persuaded consciously or unconsciously that happiness depends on what we have who we are or on satisfactory external factors Studies have shown in recent years that those who are truly happy draw their joy and happiness from a state of mind that they have been able to cultivate over the years transcending external factors and living conditions It is the culmination of a construction that requires the will to achieve it Yes happiness comes from other things than what we have or who we are      Your Feet Face Forward Colin Wolpert,2015-09-15 Your Feet Face Forward narrates my holistic journey back from a debilitating spinal nerve tumor to abundant health and happiness Using the tools of yoga meditation visualization and a change in philosophical perspective I

was able to heal while completely sidestepping traditional medicine After my diagnosis I was faced with the devastating prospect of autonomic function loss with or without surgery With almost no feeling in my legs and severe constant pain in my back I knew there had to be another way I crawled onto my mat and began a daily practice Over a period of months the MRI scans showed the tumor shrinking until it was finally gone My life was forever transformed and the powerful momentum of healing launched me onto a new path I obtained certification as a Hatha Vinyasa Restorative Yin and Prenatal Yoga instructor and became a yoga teacher trainer I have since shared my story and inspired positive change empowering thousands of lives through my classes yoga teacher training workshops and seminars Your Feet Face Forward can guide you to find peace with what is and inspire you to move forward with intention harnessing your power Your Feet Face Forward will show you how to recognize the gifts of life
