## **The Complete Beatles Chronicle:**

**The Complete Beatles Chronicle** Mark Lewisohn, 2010 In 1979 Beatles expert Mark Lewisohn set about establishing a complete list of the group's live appearances from 1957 through 1966 when they stopped giving concerts the research took seven long years and was published as the book *The Beatles Live* Shortly thereafter EMI Records invited Lewisohn to be the only person outside of the Beatles and their production staff to go into Abbey Road and listen to the entire collection of Beatles session tapes and to interview practically everyone involved in their making The result was published in 1988 as *The Complete Beatles Recording Sessions* and sold over 150 000 copies This book artfully combines and updates all the vital material in Lewisohn's earlier two books with his definitive account of the Beatles work in radio television film and video to create a complete day by day summary of the group's entire oeuvre First published in 1992 *The Complete Beatles Chronicle* has become the Beatles Bible the one book no fan can live without and a perfect companion to the bestselling Beatles Anthology which recounted their story in their own words

toonaangevend producer en ondernemer in de muziekindustrie Sounes toont ook de achterkant van McCartneys roem Hij gaat in op zijn onstuimige relaties en de zakelijke conflicten met de andere Beatles op zijn in de pers breed uitgemeten scheiding van Heather Mills en zijn levensstijl als een van de rijkste mensen ter wereld Op basis van talloze interviews en onderzoek van juridische dossiers en openbare archieven schetst Sounes een doorwrocht en genuanceerd beeld van de ware Paul McCartney

**The Music of George Harrison** Thomas MacFarlane, 2019-04-08 George Harrison was one of the most prolific popular music composers of the late 20th century During his tenure with the Beatles he caught the wave of 1960s pop culture and began channeling its pervasive influence through his music Often described as The Invisible Singer his solo recordings reveal him to be an elusive yet essential element in the Beatles sound The discussion of George Harrison's Beatle

tracks featured in the text employs a Songscape approach that blends accessible music analysis with an exploration of the virtual space created on the sound recording This approach is then used to explore Harrison's extensive catalog of solo works which due to their varied cultural sources seem increasingly like early examples of Global Pop In that sense the music of George Harrison may ultimately be viewed as an important locus for pan cultural influence in the 20th century making this book essential reading for those interested in the history of songwriting and recording as well as the cultural study of popular music

*Lennon and McCartney* Thomas MacFarlane, 2022-09-30 *Lennon and McCartney Painting with Sound* explores the work of two of the most influential composers of the twentieth century Five decades after the breakup of the Beatles the music of John Lennon and Paul McCartney continues to fascinate and inspire Evidence suggests that their uniquely eclectic approach can be traced back to the Liverpool College of Art Following on that idea this book explores the creative dialogue between John Lennon and Paul McCartney both with the Beatles and on their own that grew out of that early influence The book is presented in three

sections I Stretching the Canvas considers the Liverpool College of Art as the backdrop for John and Paul's early collaborations with painter and musician Stuart Sutcliffe. This is followed by discussions of select works created by the Beatles between 1962-69. II Extending the Space focuses on the long distance creative dialogue between Lennon and McCartney as demonstrated in their respective solo recordings of the 1970s. III New Colours considers the final works of the Lennon and McCartney creative dialogue as well as various McCartney solo projects released in the years that followed Lennon's death in 1980. Here the focus is on Paul's development as a painter, its effect on his creativity and his subsequent efforts to establish the Liverpool Institute for Performing Arts as a world class arts conservatory. [The Beatles' Story on Capitol Records](#), 2000. [The Gospel According to the Beatles](#) Steve Turner, 2006-08-03. ### **We All Want to Change the World**

John Wyse Jackson, 2005. John Lennon (1940-80) was the founder of the most successful pop rock group of all time, the Beatles. Convinced of his genius from an early age, he explored his own complex, witty personality in his songs, drawing on drugs, meditation and psychotherapy for insight into his art. His career was transformed in 1968 when he joined forces with Yoko Ono. As the Beatles broke up, the extraordinary couple became public clowns for peace and familiar figures in the international protest movement. Lennon's groundbreaking solo work during the 1970s would be overshadowed by the success of the 1971 *Imagine*. The song became an anthem after he was shot by a mentally disturbed fan in New York on 8 December 1980. John Wyse Jackson's biography is published to commemorate the 25th anniversary of John Lennon's death. Touching for the first time on his Irish roots and how his background influenced his music, philosophy and attitude to life and politics, it travels to the heart of the little child inside the man.

**BOOK JACKET** [Recording the Beatles](#) Kevin Ryan, Brian Kehew, 2006. A detailed look at every piece of studio gear used, full explanations of effects and recording processes, and an inside look at how specific songs were recorded.

### **Books**

, 1991. **The Beatles** Allan Kozinn, 1995-10-19. Discussion of the Beatles' music is expanded here by a consideration not only of the group's commercially released disks but also of rare working tapes which illuminate the compositional process and reveal how some of their milestone recordings took shape in the studio.

**The Beatles Literary Anthology** Mike Evans, 2004. A unique volume containing over 40 years of interviews, articles, reviews and essays on subjects ranging from the Fab Four's origins in Liverpool to their influence on the counterculture of the late 1960s and beyond to the post-Beatle paths followed by John Lennon, Paul McCartney, George Harrison and Ringo Starr. Back of jacket.

**Christie's Rock & Pop Memorabilia** Peter Doggett, Sarah Hodgson, 2003. Over the last 20 years, rock and pop memorabilia has moved out of the junk shops and into the auction houses.
