

CLASSICS OF THE WORLD'S GREAT ART

From December 20 to 22, 1999, the following were observed:

Montesquieu - Maistre - Hegel - Comte - Durkheim

Lorenzo de' Medici - Verrocchio - Botticelli - Mantegna - Giorgione

Here's the Reference - Ballouall - The Van Dyke - Consolation

Backlog - Orders - Planned Ship and Order Periods - Current

The work is based upon an exhaustive assembly of facts, painstakingly compiled, its special feature, the comprehensive *historiographical* research, summarized to two readable volumes and examines the work, themselves, giving specific answer to history and historiography, ancillary historical details, sociology, aesthetics, art criticism, iconography, symbolism, chronology, painting technique, scientific methods of examination, conservation and restoration, literary phenomena, bibliography, catalogue references, comparative studies, copies and editions. Such a feature, which should be of particular interest to students, who have made use of the data necessary to appreciate the works in depth. The critical of authenticity and documentary references have been scrupulously followed, following critical efforts have been objectively confirmed, and conclusions have been drawn only where the evidence for them is unimpeachable.
