

# The concept of judicial activism: Its nature and function in United States constitutional law

Fisher, Ronald Edward

# The Concept Of Judicial Activism Its Nature And Function In United States Constitutional Law

**Luís Pereira Coutinho, Massimo La  
Torre, Steven D. Smith**

## **The Concept Of Judicial Activism Its Nature And Function In United States Constitutional Law:**

**The Concept of Judicial Activism** Ronald Edward Fisher,1977 *The Concept of Judicial Activism* Ronald Edward Fisher,1973 ILSA Journal of International & Comparative Law ,2001 **Supreme Court of the United States** George H. Rutland,2006 The Supreme Court of the United States is in the midst of a generation change which will no doubt result in societal imperatives different than those in the past The Supreme Court of the US has a profound effect on ideas thoughts and behaviour of the people of the US This new bibliography presents hundreds of citations of the important literature dealing with this beacon of society *Homosexuality in the Jurisprudence of the Supreme Court of India* Yeshwant Naik,2017-04-07 The book analyses the Indian Supreme Court s jurisprudence on homosexuality its current approach and how its position has evolved in the past ten years It critically analyses the Court s landmark judgments and its perception of equality family marriage and human rights from an international perspective With the help of European Court of Human Rights judgments and international conventions it compares the legal and social discrimination meted out to the Indian LGBTI community with that in the international arena From a social anthropological perspective it demonstrates how gay masculinity although marginalized serves as a challenge to patriarchy and hegemonic masculinity This unique book addresses the lack of in depth literature on gay masculinity elaborately narrating and analysing contemporary gay masculinity and emerging gay lifestyles in India and highlighting the latest research on the subject of homosexuality in general and in particular with respect to India It also discusses several new issues concerning the gay men in India supported by the living law approach put forth by Eugen Ehrlich **Judicial Activism** Luís Pereira Coutinho,Massimo La Torre,Steven D. Smith,2015-05-26 This volume offers different perspectives on judicial practice in the European and American contexts both arguably characterized in the last decades by the emergence of novel normative and even policy arguments by judges The central question deserving the attention of the contributors concerns the degree in which judicial exercises in practical reasoning may amount to forms of judicial usurpation of the legislative function by courts Since different views as to the nature and scope of legal reasoning lead to different degrees of tolerance regarding what should be admissible to courts that same nature and scope is thoroughly debated The main disciplinary approach is that of general jurisprudence but the contributions take stock of other disciplines in which judicial activism has been addressed namely positive theories of judicial behavior Accordingly the book also explores the development of interdisciplinary dialogue about the theme **Catalog of Copyright Entries. Third Series** Library of Congress. Copyright Office,1979 **The Oxford Handbook of Comparative Constitutional Law** Michel Rosenfeld,András Sajó,2012-05-17 The field of comparative constitutional law has grown immensely over the past couple of decades Once a minor and obscure adjunct to the field of domestic constitutional law comparative constitutional law has now moved front and centre Driven by the global spread of democratic government and the expansion of international human rights law the prominence and visibility of the field among

judges politicians and scholars has grown exponentially Even in the United States where domestic constitutional exclusivism has traditionally held a firm grip use of comparative constitutional materials has become the subject of a lively and much publicized controversy among various justices of the U S Supreme Court The trend towards harmonization and international borrowing has been controversial Whereas it seems fair to assume that there ought to be great convergence among industrialized democracies over the uses and functions of commercial contracts that seems far from the case in constitutional law Can a parliamentary democracy be compared to a presidential one A federal republic to a unitary one Moreover what about differences in ideology or national identity Can constitutional rights deployed in a libertarian context be profitably compared to those at work in a social welfare context Is it perilous to compare minority rights in a multi ethnic state to those in its ethnically homogeneous counterparts These controversies form the background to the field of comparative constitutional law challenging not only legal scholars but also those in other fields such as philosophy and political theory Providing the first single volume comprehensive reference resource the Oxford Handbook of Comparative Constitutional Law will be an essential road map to the field for all those working within it or encountering it for the first time Leading experts in the field examine the history and methodology of the discipline the central concepts of constitutional law constitutional processes and institutions from legislative reform to judicial interpretation rights and emerging trends

#### **Communication**

**Activism** Lawrence R. Frey, Kevin M. Carragee, 2007 These two texts showcase how scholars have engaged in communication activism to assist individuals groups organizations and communities to secure social reform Volume 2 focuses on research studies that show how media can be managed to promote social change and how performance can serve as an important form of communication activism Together these two volumes demonstrate the significant effects that communication scholars working from many different theoretical and methodological traditions can have on promoting social change especially for those who are most marginalized when they engage in communication activism Pratiyogita Darpan, 2008-11 Pratiyogita Darpan monthly magazine is India's largest read General Knowledge and Current Affairs Magazine Pratiyogita Darpan English monthly magazine is known for quality content on General Knowledge and Current Affairs Topics ranging from national and international news issues personality development interviews of examination toppers articles write up on topics like career economy history public administration geography polity social environment scientific legal etc solved papers of various examinations Essay and debate contest Quiz and knowledge testing features are covered every month in this magazine
