**The Contemplative Stroller** Tom Campbell,1982      **John Walker's Passage** Darrell Varga,2012-08-08 John Walker is one of Canada's most prolific and important documentary filmmakers and is known for his many thoughtful personally inflected films His masterwork Passage centres on Sir John Franklin's failed expedition to find the final link of the Northwest Passage connecting the Atlantic and Pacific oceans through the Canadian Arctic It also gives us the story of John Rae the Scottish explorer who discovered the fate of Franklin and the final link in the passage but was left to the margins of history Walker's film brings to this story a layering of dramatic action and behind the scenes documentary footage that build tension between the story of the past and interpretations of the present Darrell Varga provides a close analysis of Passage situating it within Walker's rich body of work and the Canadian documentary tradition Varga illuminates how the film can be viewed through the lens of Harold Innis's theories of communication and culture opening up the work of this great Canadian political economist to film studies

**The Life of Wisdom in Rousseau's "Reveries of the Solitary Walker"** Thomas L. Pangle,2023-04-15 The Life of Wisdom in Rousseau's Reveries of the Solitary Walker is the first complete exegesis and interpretation of Rousseau's final and culminating work showing its full philosophic and moral teaching The Reveries has been celebrated as a work of literature that is an acknowledged acme of French prose writing Thomas L Pangle argues that this aesthetic appreciation necessitates an in depth interpretation of the writing's complex and multileveled intended teaching about the normatively best way of life and how essential this is for a work that was initially bewildering Rousseau stands out among modern political philosophers in that he restored to political philosophy what Socrates and his students from Plato and Xenophon through Aristotle and the Stoics and Cicero had made central and that the previous modern Enlightenment philosophers had eclipsed the study of the life and soul of the exemplary independent sage as possessor of human wisdom Rousseau made this again the supreme theme and source of norms for political philosophy and for humanity's moral as well as civic existence In his analysis of The Reveries Pangle uncovers Rousseau's most profound exploration and articulation of his own life personality soul and thought as the man of nature enlightened by reason He describes in Rousseau's final work the fullest embodiment of the experiential wisdom from which flows and to which points Rousseau's political and moral philosophy his theology and his musical and literary art
