## **The Confidence Chasm:**

The Confidence Chasm Joe D. Batten,Gail Batten,2003-12-02 Today's malaise is in large part caused by people who underrate themselves and others. People who dwell on weaknesses escape from reality through cynicism or accept put downs and cop outs as a valid way of life. The Battens a father daughter team stress instead a positive approach to living. Knowing full well that you become what you think and what you say the Battens offer a way for you to identify your own strengths and those of others and to build on them a way to a richer more productive life centered on strength a sense of wonder and trust. This exciting mind stretching book will show you how to gain more confidence in yourself and in your ability to level with others. In the process of learning to ask What can we do to make things better instead of What's wrong you'll discover new ways to relate to people of your own age or other generations with trust despite differences in outlook social customs or even dress. That spells the end of the mythical generation gap. The Confidence Chasm contains a proven blueprint for every employee every manager every parent every child every person who wants to fulfill his own potential for excellence and at the same time build open trusting supportive relationships with those around him. Right from the start you'll find this book packed with practical guidance for creating a more rewarding relationship with family friends and business associates. You'll get levelheaded advice on such vital problems as Setting and reaching increasingly difficult goals. Making employees happier and more productive by giving them hard jobs that make them dig down inside themselves for strengths they never knew they had. Listening to others and understanding what they say and what they leave unsaid. Helping to build a better world by developing compassion untinged by expediency or compromise. Avoiding despair because you're busy building a better organization a better community a better climate for global trust. The Confidence Chasm will be especially helpful to businesspeople teachers homemakers supervisors ambitious college graduates clergy professional people in short to anybody who wants to make their life more rewarding by relating to others with different backgrounds and viewpoints.

The Fall On Chasm's Close Steven Snyder ,2014-09-30 Do we accept the world as it is pretending to make choices but always choosing to hide. Are we afraid to step into the unknown to buck the system because of what we might lose. Brenton feels free. But is he? A little package a clue an invitation into the unknown and an intrepid friend all lead to an adventure of discovery and transformation. Travel with Brenton as he learns more remembers more and uncovers more than he has ever known or is supposed to find out.

**A Sea in Flames** Carl Safina,2011-04-19 Carl Safina has been hailed as one of the top 100 conservations of the 20th century. Audubon Magazine and A Sea in Flames is his blistering account of the months long manmade disaster that tormented a region and mesmerized the nation. Traveling across the Gulf to make sense of an ever changing story and its often nonsensical twists. Safina expertly deconstructs the series of calamitous misjudgments that caused the Deepwater Horizon blowout zeroes in on BP's misstatements evasions and denials reassesses his own reaction to the government's crisis handling and reviews the consequences of the leak and what he considers the real problems which

the press largely overlooked Safina takes us deep inside the faulty thinking that caused the lethal explosion We join him on aerial surveys across an oil coated sea We confront pelicans and other wildlife whose blue universe fades to black Safina skewers the excuses and the silly jargon like junk shot and top kill that made the tragedy feel like a comedy of horrors and highlighted Big Oil's appalling lack of preparedness for an event that was inevitable Based on extensive research and interviews with fishermen coastal residents biologists and government officials *A Sea In Flames* has some surprising answers on whether it was Obama's Katrina whether the Coast Guard was as inept in its response as BP was misleading and whether this worst unintended release of oil in history was really America's worst ecological disaster Impassioned moving and even sharply funny *A Sea in Flames* is ultimately an indictment of America's main addiction Safina writes In the end this is a chronicle of a summer of pain and hope Hope that the full potential of this catastrophe would not materialize hope that the harm done would heal faster than feared and hope that even if we didn't suffer the absolutely worst we'd still learn the big lesson here We may have gotten two out of three That's not good enough Because there'll be a next time [Random Wisdom](#)
