

The Confidence Course Format Audio

Richard Colwell, Carol Richardson

The Confidence Course Format Audio:

Developing an All-School Model for Elementary Integrative Music Learning Carol E. Reed-Jones, 2014-03 The purpose of this study was to investigate the potential for increasing informal music making in elementary school culture and create a model of such music making Precedence for this model can be found in the literature of ethnomusicology educational psychology and learning theory multicultural music education and cultural anthropology Literature from four distinct traditions and contexts of music making in integrative sociocultural contexts sub Saharan African ngoma and Community Music as manifested in New Orleans second lines old time music and dance and summer camp music making was parsed with a philosophical lens to determine and assess possible areas of intersection between these four participatory cultures and North American public school culture Each of these five areas was examined through a comprehensive review of literature to define their salient characteristics These characteristics were sorted to determine commonalities between areas and the zones of intersection became the basis for a speculative model of integrative music learning featuring the inclusion of musical opportunities and interludes throughout the school day thus taking school music beyond the confines of the music room Instruction in music classes would still continue enhanced in this model by supplemental learning opportunities inspired by the informal learning of traditional world musics the participatory practice of New Orleans second line parades old time music and dance and summer camp music culture This model of integrative learning is also informed by current educational best practices such as child centered learning peer tutoring experiential learning and multicultural perspectives It acknowledges the diversity of traditions consulted while aiming for the unity in their seemingly disparate disciplines Five universal characteristics were uncovered in the search for areas of intersection between North American elementary school culture child culture ngoma music making and Community Music style music making in New Orleans old time music and dance and summer camp contexts a Song b play c informal learning as evidenced by oral tradition peer tutoring self learning d kinesthetic learning and e contextualized learning as evidenced in the sociocultural uses of music and situated learning This model strives for the enactment of school music as a vital and integral part of daily school culture *The Doctoral Journey in Music Education* David Forrest, 2003 This collection of reflections is the first time that a group of Australian music educators has reflected on their doctoral journey describing and commenting on relevant academic personal and other aspects relating to this intellectual rite of passage Research Anthology on Music Education in the Digital Era Management Association, Information Resources, 2022-02-11 Music is a vital piece of life that not only allows individuals a chance to express themselves but also an opportunity for people and communities to come together Music has evolved in recent years as society turns toward a digital era where content can be shared across the world at a rapid pace Music education and how it is spread has a number of possibilities and opportunities in this new era as it has never been easier for people to access music and learn Further study on the best practices of utilizing the digital age for music education is

required to ensure its success The Research Anthology on Music Education in the Digital Era discusses best practices and challenges in music education and considers how music has evolved throughout the years as society increasingly turns its attention to online learning This comprehensive reference source also explores the implementation of music for learning in traditional classrooms Covering a range of topics such as music integration personalized education music teacher training and music composition this reference work is ideal for scholars researchers practitioners academicians administrators instructors and students

Critical Essays in Music Education Marvelene C. Moore, 2017-07-05 This volume of essays references traditional and contemporary thought on theory and practice in music education for all age groups from the very young to the elderly The material spans a broad range of subject areas from history and philosophy to art and music and addresses issues such as curriculum pedagogy assessment and evaluation as well as current issues in technology and performance standards Written by leading researchers and educators from diverse countries and cultures this selection of previously published articles research studies and book chapters is representative of the most frequently discussed and debated topics in the profession This volume which documents the importance of lifelong learning is an indispensable reference work for specialists in the field of music education

The New Handbook of Research on Music Teaching and Learning Richard Colwell, Carol Richardson, 2002-04-18 Featuring chapters by the world's foremost scholars in music education and cognition this handbook is a convenient collection of current research on music teaching and learning This comprehensive work includes sections on arts advocacy music and medicine teacher education and studio instruction among other subjects making it an essential reference for music education programs The original Handbook of Research on Music Teaching and Learning published in 1992 with the sponsorship of the Music Educators National Conference MENC was hailed as a welcome addition to the literature on music education because it serves to provide definition and unity to a broad and complex field Choice This new companion volume again with the sponsorship of MENC explores the significant changes in music and arts education that have taken place in the last decade Notably several chapters now incorporate insights from other fields to shed light on multi cultural music education gender issues in music education and non musical outcomes of music education Other chapters offer practical information on maintaining musicians health training music teachers and evaluating music education programs Philosophical issues such as musical cognition the philosophy of research theory curriculum and educating musically are also explored in relationship to policy issues In addition to surveying the literature each chapter considers the significance of the research and provides suggestions for future study Covering a broad range of topics and addressing the issues of music education at all age levels from early childhood to motivation and self regulation this handbook is an invaluable resource for music teachers researchers and scholars
