## **The Contact Cosmogram:**

The Contact Cosmogram Reinhold Ebertin, 2011-04 Every individual is born into a particular environment that from birth shapes his or her life Relationships are a key factor in this evolution beginning with the parents and siblings and expanding to friendship coworkers and romance Each of these as well as the people and experiences attracted can be seen in the horoscope Some bring happiness and lasting ties while others bring despair suffering and learning experiences The Contact Cosmogram focuses on relationships through the technique of chart comparison through which it is possible to determine whether permanent harmony and complementary factors exist between two people The author also explores the indicators that can help or hinder two people as they confront life crises Extensively illustrated with many examples The Contact Cosmogram explores the lives of famous couples problem marriages and collaborators Asteroids in Synastry Emma B. Donath, 1977 Though individual asteroids or planetoids orbiting between Mars and Jupiter may be small they are bound to exert influences in the horoscope In light of this conclusion they must also exert the same type of cross chart influence in the area of relationships With this premise Emma Belle Donath wrote Asteroids in Synastry Using her vast store of mythological as well as astrological lore she tells the myths of the four major asteroids as well as giving keyword lists and rulerships for each In the body of the book she gives delineation of the asteroids using the most accepted forms of synastry person A s planets in person B s chart and vice versa In addition she gives some of the major aspect configurations between charts and takes a brief look at composite charts and contact cosmograms Several example charts are used to illustrate asteroid use in this manner This is the definitive text for using asteroids in synastry **Applied Cosmobiology** Reinhold Ebertin, 2006-11 This basic cosmobiology textbook was first printed in Germany 1949 under the title The 90 Dial in Practice It has since had additions and improvements Written by the acknowledged master cosmobiology takes the fundamentals of the basic horoscope one step further by condensing the wheel to 90 by placing the planets into their groups of cardinal fixed and mutable The analysis then becomes very simplified yet with details that are astounding Explained are the methods interpretations use of solar arc directions graphic ephemeris and more See for yourself how using cosmobiology makes astrology become a quicker and more useful tool *The Astrological Magazine* , 1986 **Cosmograms** Melik Ohanian, Jean-Christophe Royoux, 2005 R alis en collaboration avec Jean Christophe Royoux et bas sur une vingtaine d entretiens r alis s sp cialement pour cet ouvrage le livre COSMOGRAMS est l extension de SEVEN MINUTES BEFORE Rejouant la structure du film continuït simultan e convergence cette exp rience rassemble divers propos autour de la notion d espace monde contemporain Astronomy , 1984 **Books for Inner Development** Cris Popenoe, 1976 Associations' Publications in Print , 1984 1981 in 2 v v 1 Subject index v 2 Title index Publisher title index Association name index Acronym index Key to publishers and distributors abbreviations **CAO Times** Congress of Astrological Organizations, 1976 Cosmic Order and Cultural Astronomy Rana Singh, 2009-10-02 Throughout the Indian subcontinent there are territories

and areas wherein culture geography and the archetypal cosmos interact with each other to create a sacredscape that is infused with meaning cultural performances and transcendent power These sacred sites possess extensive mythological associations where believed that spirit can cross between different realms In a broad perspective such studies falls within the realm of cultural astronomy which has two broad areas viz archaeoastronomy concerned with the study of the use of astronomy and its role in ancient cultures and civilizations and ethnoastronomy that studies the use of astronomy and its role in contemporary cultures The seven essays in this volume deals with the critical appraisal of studying cultural astronomy and cosmic order and its implications in India illustrated with case studies like heritagescape of Khajuraho where stone speaks manescape of Gaya where manes come and bless the devotees Deviscape of Vindhyachal where goddess resorts Shivascape of Kashi where Shiva dances in making order Shaktiscape of Kashi that possesses the spatial ordering of goddesses and Naturscape of Chitrakut where mother earth blesses
