Small Salvations:

The Last Palace Norman Eisen, 2018-09-04 A sweeping yet intimate narrative about the last hundred years of turbulent European history as seen through one of Mitteleuropa's greatest houses and the lives of its occupants When Norman Eisen moved into the US ambassador's residence in Prague returning to the land his mother had fled after the Holocaust he was startled to discover swastikas hidden beneath the furniture in his new home These symbols of Nazi Germany were remnants of the residence's forgotten history and evidence that we never live far from the past From that discovery unspooled the twisting captivating tale of four of the remarkable people who had called this palace home Their story is Europe's and The Last Palace chronicles the upheavals that transformed the continent over the past century There was the optimistic Jewish financial baron Otto Petschek who built the palace after World War I as a statement of his faith in democracy only to have that faith shattered Rudolf Toussaint the cultured compromised German general who occupied the palace during World War II ultimately putting his life at risk to save the house and Prague itself from destruction Laurence Steinhardt the first postwar US ambassador whose quixotic struggle to keep the palace out of Communist hands was paired with his pitched efforts to rescue the country from Soviet domination and Shirley Temple Black an eyewitness to the crushing of the 1968 Prague Spring by Soviet tanks who determined to return to Prague and help end totalitarianism and did just that as US ambassador in 1989 Weaving in the life of Eisen's own mother to demonstrate how those without power and privilege moved through history The Last Palace tells the dramatic and surprisingly cyclical tale of the triumph of liberal democracy

Christ and Full Salvation John Benjamin Figgis, 1878 Salvation , 1899 **For Salvation's Sake** Jason Moralee, 2004-03-01 This book breaks new ground in the study of cultural unity in the Near East from pre Roman to early Islamic times first century BC eighth century AD Based on a thorough study of nearly 400 Greek and Latin inscriptions from Syria Lebanon Jordan and Israel this book shows how the formula for salvation's sake *hyper soterias pro salute* was fundamental to the political social and religious lives of hundreds of civic and military elites in the Near East Initially an

expression of ancient indigenous religion this formula expressed loyalty to the central authority at Rome while profiling social status and piety With the arrival of Christianity and Islam the formula lost its political importance but persisted in its social and religious applications among Christian and Jewish communities in Late Antiquity Presenting a new body of evidence Jason Moralee provides a fresh look at how Romans used the inscriptions to secure the loyalty of their subjects for centuries This analysis of material culture through several periods redefines notions of political loyalty in the Middle East from antiquity through the Middle Ages raising new questions about life in the Roman provinces

Salvations S. Mark Heim, 1995 For more than a century Christian theologians have attempted to construct theologies of religion that would be recognized as authentically Christian and authentic in relation to the historical and social reality of many religions This attempt usually ends in an impasse in which either only one religion is portrayed as holding the true path to salvation or that many do Neither the exclusivist nor the pluralist position is completely satisfactory in integrating the two goals of an authentically Christian and historically viable theology of religions In calling this book *Salvations* author S Mark Heim moves the theology of religions project beyond taking sides on exclusivist and pluralist views The crux of his argument is this that it makes more sense to speak of salvation in the plural to maintain that the ends of various religions are indeed varied and significantly constituted by the paths taken to reach them At the same time all paths Christianity included can and must make or require exclusive commitments on the part of those that hold them One of the most intriguing features of *Salvations* is its careful critique of the pluralist assumption of a single religious end to the many religions Heim's careful analysis of the writings of John Hick Wilfred Cantwell Smith and Paul Knitter points out a central weakness in the pluralist

argument by insisting that different religions point to the same ultimate pluralism fails its own test of plurality Heim points out that exclusivists should note that in hypothesizing the many ends of different religions Salvations contradicts neither the finality of Christ nor the authentic independent validity of other religions Sermons on Christ and Salvation Horace Bushnell,1886 *The Life of Catherine Booth, the Mother of the Salvation Army* F. de L.
