

The Early Years Foundation Stage:

A Summary

Based on the five domains that all children should achieve in the early years, the Early Years Foundation Stage (EYF) sets out the standards for all children's development and learning in the early years.

Physical
All children and all

Communication and Language
All children and all

Personal, Social and Emotional Development
All children and all

Mathematical
All children and all

Creative
All children and all

Why is it important?

High quality early years education

- supports children's development
- develops their language and communication skills
- develops their social and emotional skills
- develops their physical skills
- develops their mathematical skills
- develops their creative skills
- develops their understanding of the world
- develops their understanding of themselves and others

There are many ways to learn in the early years, and all children should have the opportunity to learn in a way that suits them. This includes learning through play, through direct teaching, and through a combination of the two.

Children should be encouraged to learn in a way that suits them, and to learn through play, through direct teaching, and through a combination of the two.

The Foundation Stage Teacher in Action Margaret Edgington, 2004-09-22 The book takes a deeper insight into the role of the practitioner and provides invaluable information Nursery Education I think the book would be good value for money for anyone working within a foundation stage team Foundation Stage File The Foundation Stage Teacher in Action is one of the definitive texts on the foundation stage in which Margaret Edgington deals with the realities of practice based on theory and early years principles It is immensely practical and easy to read and while it deserves to be read from cover to cover this New Edition is particularly accessible for those who want to dip in or who need to refer to a specific chapter Early Education If you are new to the Foundation Stage have been working in the Early Years for a few years or for longer than you care to remember if you have responsibility for employing staff for the Foundation Stage within your setting or if you work in a different key stage but have co ordinator responsibility for the Foundation Stage you should buy this book National Campaign for Nursery Education Newsletter This is classic in the world of nursery education and this Third Edition with its new title reflecting the changes in that world is as exciting and challenging as earlier versions Margaret Edgington s campaigning zeal is undiminished as she asserts the prime need for specialist teachers to work with young children in the Foundation Stage and backs this claim with authoritative research references This is a strong passionate authoritative text and I shall keep it close to hand for my own work Marian Whitehead Nursery World This is the

third generation of books dealing with the pedagogy of the early years from Margaret Edgington the first two being her editions of *The Nursery Teacher in Action* originally published under the name Margaret Lally The changes that have come about in early years education notably the introduction of the Foundation Stage with its accompanying curriculum guidance and assessment requirements meant that many early years books have needed updating This Third Edition is more than an update it represents some very hard thinking about what practitioners now need to know to be effective and presents this by revisiting the original book's themes Escalate Paul Chapman Publishing and Margaret Edgington have pulled off a real gem of a book with updated sections thank you for the Forest school stuff for example and fresh insights The hard work has really paid off thanks so much Nick Swarbrick Oxford Brookes University This Third Edition brings a broader perspective to the early years world Margaret's years of experience as a practitioner and consultant in the field are evident and she manages to blend good practice policy and theoretical aspects bringing an astute yet sensitive approach to the early years practitioners varied experiences and qualifications The book reaches not only those who are starting on their careers as early years practitioners but also those who have been there a long time and witnessed many often bewildering changes where their beliefs and practice have been challenged The new edition should be essential reading not only for those working in the field whatever stage in their careers but also for anyone who seeks to understand small children and support them in the best way possible Angela D Nurse Head of Department of Childhood Studies Canterbury Christ Church University This is a fully revised and updated edition of the author's best selling book *The Nursery Teacher in Action* Second Edition This book now includes an extended section on leadership on managing the foundation stage and involving the team in monitoring and evaluating foundation stage practice Curriculum planning and assessment now reflect the new statutory guidance on the Foundation Stage Curriculum and Profile The author reviews the implementation of the Foundation Stage and the Profile positive developments and areas which are still proving challenging New material is included on the broadening role of the foundation stage teacher in integrated multi disciplinary services and providing support in other settings The book has been updated to include recent findings from Effective Pedagogy projects and other research on learning styles The Foundation Stage Teacher is essential reading for all early years students and practitioners early years course tutors and teachers new to working with 3 5 year olds and also primary headteachers

Planning and Using Time in the Foundation Stage Jill Williams, Karen McInnes, 2014-04-04 Operating on two levels this book aims to help students and practitioners understand how to plan and use time effectively within the foundation stage setting The book examines how children learn and play at different times of day how they function when they might be tired or hungry and how best to organize the learning day with this in mind The authors discuss the issue of environment how children relate to different areas within their own room and what happens when routines of time and place are altered The book also discusses how to develop children's understanding of time and how to incorporate the theme of time into children's play The book includes practical activities and examples that

will allow children to fully comprehend the concept of time advice on how to create time for children to learn through play inquiry and investigation sections on how time can be used to include parents colleagues and the local community This book provides in depth analysis of how effective use of time can be beneficial for parents children and staff in early years setting

Starting from the Child? Teaching and Learning in the Foundation Stage, 5e Julie Fisher, 2024-04-04 What a tour de force Julie s authoritative research and practice based coherent wise arguments for child centred practice should be required reading for all primary head teachers She has been writing editions of this book for over 27 years and she s still right Helen Moylett Early Years Consultant and Writer Vice President of Early Education UK Starting From the Child has evolved and developed in the ever changing landscape of Early Years Education since it was first published almost 30 years ago and this version is perhaps more important now than ever before A must read for every Head Curriculum lead Adviser Inspector and Early Years Educator Ruth Swailes Independent Education Consultant and Curriculum Developer UK Starting from the Child is now in its fifth edition and has undergone a substantial rewrite to address significant shifts in teaching in the early years of education The book s enduring appeal is its principled yet pragmatic approach to being an early childhood educator and in this new edition the author does not shy away from addressing current sector concerns whilst holding firm to established early years principles and values The book explores the challenges faced by early childhood educators in a climate of adult insisted programmes and questions whether it is possible to continue to put the child at the centre of all that we do With her trademark passion Julie Fisher argues that it is not only possible but essential and offers strategies to do so in positive enlightened and inspiring ways Whilst maintaining the many strengths of previous editions every chapter is fully up to date with current research and thinking about early years practice and pedagogy The fifth edition includes a new chapter addressing what it means to Start from the Child a new chapter on the design of an early years curriculum a revised chapter emphasising distinctive opportunities arising from learning outdoors a revised chapter on planning for children s needs rather than curriculum delivery Starting from the Child will inspire provoke and renew all those who are committed to working in the field of early childhood education Julie Fisher is an independent Early Years Adviser author and trainer She is also Visiting Professor of Early Childhood Education at Oxford Brookes University UK She has been a headteacher of two schools a university lecturer and a local authority Lead Adviser for Early Years

The Early Years Foundation Stage Ioanna Palaiologou, 2024-08-09 The revised fifth edition of The Early Years Foundation Stage has been fully updated to cover revised EYFS revised Development Matters and policy shifts in the sector New to the book Brand new chapters on the Rights of the Child Children s Development Learning Theories and Planning New content on diversity and inclusion throughout all chapters New and updated case studies throughout the book including international cases Additions to chapters on children s mental health climate crisis and working with children post pandemic This market leading textbook is an essential guide for students helping them to develop an understanding of the EYFS curriculum and encouraging a critical view of the theory and

policy behind it to strengthen their practice **Assessment for Learning in the Early Years Foundation Stage** Denise Chadwick, Anne Webster, 2010-03-12 Are you struggling with the complexities of assessment Demystifying the process of assessment for learning in the Early Years Foundation Stage EYFS Assessment for Learning in the Early Years Foundation Stage explains in straightforward language how to put principles into practice Looking at models of assessment the book draws heavily on examples of real assessments from practice and the relevant theory is explained in context Lessons from research are applied to best practice and issues covered include self assessment and peer assessment collecting evidence as a basis for making judgements how to track the child s development in the six areas of learning using assessment to inform future planning summative assessment in the EYFS involving parents and carers in the assessment process using assessment to support children with additional needs moderation **A Study of the Transition from the Foundation Stage to Key Stage 1** ,2005 **Teaching for Understanding Across the Primary Curriculum** Lynn D. Newton, 2002 The book discusses the complex nature of understanding and what it means to teach for understanding The processes and strategies that can support teaching for understanding are then exemplified in the context of different areas of the primary elementary 4 11 years school curriculum Teaching Assistant's Handbook: Primary Edition Janet Kay, 2005-12-08 Planning Children's Play and Learning in the Foundation Stage Jane Drake, 2001 Fully reflecting the content of the Foundation Stage s Early Learning Goals DfEE 1999 this text is written for all practitioners working in Early Years settings as well as those pursuing Qualified Teacher Status for the 3 5 year age group Teaching Early Years Foundation Stage Jo Basford, Elaine Hodson, 2008-07-07 The Early Years Foundation Stage EYFS came into force in September 2008 and established a framework for providing learning development and care for children from birth to five This book examines the EYFS within the context of Achieving QTS and is a core text for primary trainees covering this stage of children s learning It links the principles and commitments of the EYFS with the new standards for QTS while covering all required content The book examines the continuous nature of learning from birth to five the inter relatedness between care learning and development and the importance of sensitive transitions *Planning Play and the Early Years* Penny Tassoni, Karen Hucker, 2005 Written for early years practitioners and students Planning Play and the Early Years provides full colour fully illustrated guidance through the process of planning and providing play opportunities for children aged 0 5 years **Early Childhood Education and Care** Margaret M Clark, Tim Waller, 2007-05-14 A much needed book that uniquely brings together policy and practice in early childhood education and care across the United Kingdom and the Republic of Ireland It offers a wealth of information and useful websites and addresses so that importantly readers can keep abreast of the rapidly changing external environment in these countries An essential read for those wishing to understand the background to policy and practice in early childhood education and care Linda Miller The Open University This book is long overdue it provides effective cameos of developments in each country highlighting key legislation the underlying philosophy the formation of policies and thier implementation in

state voluntary and private provision The International Journal of Early Childhood This unique resource will be invaluable in helping students and others trying to understand the context of current early years provision The case studies bring the book to life and ground it in the stories of real children and their families They highlight how the similarities and differences in support for children and their families are more dependent on where they live than what they need Lesley Staggs Early childhood education and care policy has an impact on the daily lives of early years practitioners and the families and children they work with and practising and trainee early childhood professionals need to have an understanding of current policy as well as the contexts for policy making and implementation Currently the majority of textbooks for early years education and early childhood students in the UK focus on the situation in England As a result readers may have a skewed perspective on policy and practice and not be aware of the varying and different contexts in Northern Ireland Scotland and Wales Also those working in settings not in England have to work hard to apply texts to their own contexts In contrast this book gives the reader easy access to information on the policies and practices in ECEC across each of the countries in the UK and the Republic of Ireland Each chapter covers o background information o policy and practice in early childhood education and care o transition o schooling and curriculum o quality assurance examination and inspection o professional development and training o future and imminent changes o case studies of children s lives In addition to describing the legislative political and practical situation in each country the book enables comparisons to be drawn and helps readers interpret the data critically It will be essential reading for modules on comparative education and international perspectives but will also form a foundation for all modules involving policy and provision on Early Years Education Early Childhood or Childhood Studies courses Practitioners undertaking CPD modules or foundation degrees and international students looking for comparative data will also find the book useful
