## **The Bodhran:**

**The Bodhrán** Colin F. Harte, 2023-08-18 In the past fifty years the bodhrán or traditional Irish circular frame drum has undergone a rapid evolution in development. Traditionally it is a shallow drum ranging from ten to twenty six inches in diameter covered in goatskin on the top or drum side and open on the other. Unlike any other instrument associated with Irish traditional music the bodhrán has been dramatically altered by its confrontation with modern instrument design, performance techniques and musical practice. Colin Harte's *The Bodhrán: Experimentation, Innovation and the Traditional Irish Frame Drum* presents a definitive history of the bodhrán from its early origins to its present day resurgence in Irish American folk music. The bodhrán has global roots and bears many characteristics of older drums from northern Africa and the Middle East. Harte picks up on these basic similarities and embarks on an engaging tour of the instrument's historical and organological development, gradual evolution in playing styles and more recent history of performative practice. Drawing from a host of interviews over a multi year period with participants primarily located in Europe and North America, this work provides a platform for multiple perspectives regarding the bodhrán. Participants include bodhrán makers, professional performers, educators, amateur musicians, historians and enthusiasts. Growing out of rich ethnographic interviews, this book serves as the definitive reference for understanding and navigating the developments in the bodhrán's history, organology, performance practices and repertoire.

*Bodhran: The Basics* Bill Woods, 2011-02-25 Bill Woods has used his decades of experience as a successful bodhrán performer and teacher to create this integrated instruction book and CD for the beginning bodhrán player. Using photographs, text and audio examples, it takes you in easy steps from holding the bodhrán and stick through playing along with traditional Irish dance tunes. It shows you the basic accompaniment patterns for reels and jigs and demonstrates ways to make these patterns more interesting using rests, accents and rolls. In addition to the audio examples, the CD has traditional Irish dance tunes recorded at different tempos so you can start playing along almost immediately and increase your speed as your skill improves. Also covered are the correct pronunciation of bodhrán, the history of the bodhrán in traditional Irish music, suggestions on playing with other musicians, suggestions on what to look for when choosing a bodhrán and stick, instructions on a simple and inexpensive way to make your own stick, and the basic structure of Irish dance tunes. An integrated bodhrán instruction book and CD for the beginning player. Teaches the basic accompaniment patterns for reels and jigs. Discusses what to look for when choosing a bodhrán and stick.
