The Consort:

The Consort Who Vanished Moriah Stanton, He built an empire with cold blood and iron will untouched by love or mercy She was his hidden treasure cherished in shadows yet never allowed a name Until the day she vanished without a trace leaving only silence in her wake Now the ruthless power holder who once commanded kingdoms is tearing the world apart piece by piece The man who felt nothing is drowning in madness longing and regret Because only after losing her did he realize one truth too late she was the only thing he could not live without *The Consort*,1957 *Transmigrated To Be Prince's Consort* Yan HuaZhanYueHua,2020-07-09

Once he crossed the Qing Dynasty he even became the Eighth Lord s Blessing Chi He really wanted to give the God a middle finger How could she a lowly commoner live to become a prince in the name of Fu Jin Competing for a favor No A duel No A palace battle Not to mention However she wasn t willing to die just like that After some thought Chi He River set a goal for himself Even if he didn t have the love of a man the company of a child was still worth it Thus every day she would open her eyes and think about one thing Would she be able to make Eighth Lord stay for the night today

Transfer and European Politics, c.1500-1800 Helen Watanabe-O'Kelly,Adam Morton,2016-11-03 Queens Consort Cultural Transfer and European Politics examines the roles that queens consort played in dynastic politics and cultural transfer between their natal and marital courts during the sixteenth seventeenth and eighteenth centuries This collection of essays analyses the part that these queens played in European politics showing how hard and soft power high politics and cultural influences cannot be strictly separated It shows that the root of these consorts power lay in their dynastic networks and the extent to which they cultivated them The consorts studied in this book come from territories such as Austria Braunschweig Hanover Poland Portugal Prussia and Saxony and travel to among other places Britain Naples Russia Spain and Sweden The various chapters address different types of cultural manifestation among them collecting portraiture panegyric poetry libraries theatre and festivals learning genealogical literature and architecture The volume significantly shifts the direction of scholarship by moving beyond a focus on individual historical women to consider queens consort as a category making it valuable reading for students and scholars of early modern gender and political history
