Improved Test Scores, Attitudes, and Behaviors in America's Schools Rita Dunn, Thomas C. DeBello, 1999-10-30
Annotation More than thirty school supervisors throughout the United States provide insights into how each achieved significantly higher standardized achievement test scores for his or her student populations

Improved Test Scores, Attitudes, and Behaviors in America's Schools Thomas C. DeBello, Rita Dunn, 1999-10-30 Education is a profession in which billions of federal dollars have been spent to reduce academic underachievement particularly for minority children from poverty homes Few funded programs have reduced failure on standardized achievement tests Despite either repetition or innovation most children who fail do not perform substantially better the next time around On the other hand practitioners who have used the Dunn and Dunn learning styles approaches have reported statistically higher standardized achievement test scores among average poorly achieving and special education students This book is based on the practical diverse experiences of more than thirty different supervisors throughout the United States Representing a variety of urban and suburban locations with diverse student populations each supervisor was able to obtain significantly higher standardized achievement test scores for his or her student populations

Boletín Internacional de Bibliografía Sobre Educación, 2001 **The British National Bibliography** Arthur James Wells, 2000 *Teaching Every Child to Read* Rita Dunn, Brett Elizabeth Blake, 2008-02-08. This book provides not only educators but parents and caretakers with a variety of engaging instructional strategies for K-8 students. These approaches enable all students to read easily and enjoyably by utilizing different styles and approaches. None typically are used in conventional classrooms but children who either have not mastered or who do not enjoy reading become involved in and energized with active participation. When these activities are introduced, many children will begin recognizing words, stringing them together, increase vocabulary, and reading within the first four months of beginning, if not earlier.
