Getting to Diversity Frank Dobbin, Alexandra Kalev, 2022-09-13 Too many companies don t know how to walk the walk of diversity equity and inclusion Getting to Diversity shows them how Lori George Billingsley former Global Chief DEI Officer Coca Cola Company In an authoritative data driven account two of the world s leading management experts challenge dominant approaches to increasing workplace diversity and provide a comprehensive account of what really works Every year America becomes more diverse but change in the makeup of the management ranks has stalled The problem has become an urgent matter of national debate How do we fix it Bestselling books preach moral reformation Employers however well intentioned follow guesswork and whatever their peers happen to be doing Arguing that it s time to focus on changing systems rather than individuals two of the world s leading experts on workplace diversity show us a better way in the first comprehensive data driven analysis of what succeeds and what fails The surprising results will change how America works Frank Dobbin and Alexandra Kalev draw on more than thirty years of data from eight hundred companies as well as in depth interviews with

managers The research shows just how little companies gain from standard practice sending managers to diversity training to reveal their biases then following up with hiring and promotion rules and sanctions to shape their behavior Almost nothing changes It s time Dobbin and Kalev argue to focus on changing the management systems that make it hard for women and people of color to succeed They show us how the best firms are pioneering new recruitment mentoring and skill training systems and implementing strategies for mixing segregated work groups to increase diversity They explain what a difference ambitious work life programs make And they argue that as firms adopt new systems the key to making them work is to make them accessible to all not just the favored few Powerful authoritative and driven by a commitment to change Getting to Diversity is the book we need now to address constructively one of the most fraught challenges in American life
