Holiday Draw and Tell Stories Barbara Freedman-De Vito, 2014-02-23 *Holiday Draw and Tell Stories* Volume 5 in the multi volume *Draw Me a Story* series contains ten fun draw and tell stories to help you celebrate various holidays and entertain children. You'll find Christmas draw and tell stories, Halloween draw and tell stories, Easter draw and tell stories, Hanukkah draw and tell stories, Valentine's Day draw and tell stories, and Saint Patrick's Day draw and tell stories. There's even a Fourth of July draw and tell story plus a birthday draw and tell story. As a bonus this holiday draw and tell story volume also includes amusing and inventive holiday themed action rhymes to help children get their wiggles out during storytelling and other programs. As with all of Barbara's other draw and tell story collections this holiday story collection includes clear instructions and traceable drawings plus an informative guide to using the lively and time honored draw and tell storytelling technique. Draw and tell stories are simple stories for young children. These drawing tales are very easy to use and require no special materials or experience. As each draw and tell story is told its characters and objects are sketched onto a single sheet of paper while children look on. These simple elements build up on the drawing until by the time the story ends a composite picture representing the subject of the story has emerged much to the children's delight. The draw and tell form of storytelling is great for parents, teachers, and children's librarians. Author Barbara Freedman De Vito has been creating and using draw and tell stories for many years in her work as a children's librarian, freelance storyteller, teacher, and workshop leader. The Art of Editing Tim Groenland,2019-02-21 The place of the editor in literary production is an ambiguous and often invisible one requiring close attention to publishing history and often inaccessible archival resources to bring it into focus In The Art of Editing Tim Groenland shows that the critical tendency to overlook the activities of editors and to focus on the solitary author figure neglects important elements of how literary works are acquired developed and disseminated Focusing on selected works of fiction by Raymond Carver and David Foster Wallace authors who represent stylistic touchstones for US fiction of recent decades Groenland presents two case studies of editorial collaboration Carver s early stories were integral to the emergence of the Minimalist movement in the 1980s while Wallace s novels marked a generational shift towards a more expansive maximal mode of narrative The role of their respective editors however is often overlooked Gordon Lish s part in shaping the form of Carver s early stories remains under explored analyses of Wallace s fiction meanwhile tend to minimise Michael Pietsch s role from the creation of *Infinite Jest* during the mid 1990s until the present day Drawing on extensive archival research as well as interviews with editors and collaborators Groenland illuminates the complex and often conflicting forms of agency involved in the genesis of these influential works The energies and tensions of the editing process emerge as essential factors in the creation of fictions more commonly understood within

Looking past the apparent lack of a sustainable Irish display culture this book demonstrates that there is a very full story to tell of the way Ireland displayed its art from the late eighteenth to the early twentieth century Ireland on Show analyzes the impact of the display of art as a significant political and cultural feature in the make up of nineteenth century Ireland and in how Ireland was viewed beyond its own shores in particular in Great Britain and the United States Fintan Cullen directs much needed critical attention and analysis to a subject that has been largely overlooked from an Irish perspective This study moves beyond museums to address the range of art institutions in Irish cities that displayed art from the Royal Hibernian Academy founded in the 1820s to Hugh Lane s Municipal Art Gallery opened in Dublin in 1908 Throughout the book explores the battle between the display of a unionist ethos and a nationalist point of view a constant that resurfaces over the period By highlighting the tension between unionist and nationalist viewpoints Cullen uses the display of art to investigate the complexities of Irish cultural life before the founding of the Free State The Saturday Review of Politics, Literature,
