Darkest Hour Anthony McCarten, 2017-09-28 From the prize winning screenwriter of *The Theory of Everything* this is a cinematic behind the scenes account of a crucial moment which takes us inside the mind of one of the world s greatest leaders and provides a revisionist more rounded portrait of his leadership May 1940 Britain is at war European democracies are falling rapidly and the public are unaware of this dangerous new world Just days after his unlikely succession to Prime Minister Winston Churchill faces this horror and a sceptical King and a party plotting against him He wonders how he can capture the public mood and does so magnificently before leading the country to victory It is this fascinating period that Anthony McCarten captures in this deeply researched gripping day by day and often hour by hour narrative In doing so he revises the familiar view of Churchill he made himself into the iconic figure we remember and changed the course of history but through those turbulent and dangerous weeks he was plagued by doubt and even explored a peace treaty with Nazi Germany It s a scarier and more human story than has ever been told
