November 11 1723 and a register of births and baptisms and a few deaths spanning the period 1720 1798 The vestry book occupies about 60 percent of the transcription Since it was concerned primarily with church business most of the entries pertain to payments for services tithables guardianship issues and so forth Nevertheless the frequent lists of accounts payable witnesses to petitions and so forth have the decided value of placing many colonists in Bristol Parish at a particular moment in time The parish register on the other hand is an unassailable genealogical treasure The vast majority of the more than 3 000 entries constitute records of birth and baptism and they unfailingly indicate the names of the child names of parents date of birth and date of baptism In all the parish register bears reference to over 9 000 persons all of whom may be found in the comprehensive index at the back of the volume
