Frick, 2008 Examining Nixon's autobiographies and political memorabilia Frick offers far reaching perceptions not only of the man but of Nixon's version of himself contrasted with those who would interpret him differently. He cites reinventions of Nixon from the late 1980s particularly the museum at the Richard Nixon Library and Birthplace to demonstrate the resilience of certain national mythic narratives in the face of liberal critiques. And he recounts how celebrants at Nixon's state funeral at which Bob Dole's eulogy depicted a God fearing American hero attempted to bury the sources of our divisions over him rendering in some minds the judgment of redeemed statesman to erase his status as disgraced president. With dozens of illustrations Nixon posing with Elvis the National Archives most requested photo Nixonian cultural artifacts classic editorial cartoons no other book collects in one place such varied images of Nixon from so many diverse media. These reinforce Frick's probing analysis to help us understand why we disagree about Nixon and why it matters how we resolve our disagreements **BOOK JACKET** *Reinventing the Welfare State* Ruud A. de Mooij, 2006 The Dutch welfare state is under pressure. Future trends of ageing and globalisation render public finances unsustainable and worsen the position of low skilled workers on the labour market. At the same time welfare state institutions seem insufficiently adapted to changed socio cultural circumstances. Moreover

they cause inactivity among elderly workers women and social benefit recipients To prepare for the future the Dutch government aims to raise labour supply and improve human capital This study explores how welfare state reform can contribute to these goals Thereby we take into account the key social and economic functions that the welfare state fulfils in our society We analyse a number of reforms in Dutch institutions from a broad welfare perspective and quantify their effects on the labour market and the income distribution The study also develops three comprehensive prototype welfare state reforms for the Netherlands in the future We explore how robust these different prototypes are for immigration economic integration and technological change

Reinventing Sabah ,2003

Reinventing Government in Iceland Ómar Hlynur Kristmundsson,2003 The book describes a case study of governmental reform in Iceland during the period 1993 2000 Public management reform has become a political priority in Iceland as else where in the world in the last two decades a response to economic and administrative problems during this time It has also been a reaction to ideas which have come in vogue for both diagnosing the problems of government and providing solutions The problems identified involve the growing cost of the public sector and an inefficient and unresponsive bureaucracy The solutions offered focus on

ensuring efficiency effectiveness and flexibility by transferring government activities to the competitive marketplace through privatization or by adopting a market mechanism within government The literature has identified both theoretical flaws and potential limitations in the application of current governmental reform The literature however does not provide voluminous empirical data on its effects The book includes data on the significance of public management for the central government in Iceland and illustrates how various situational factors such as administrative characteristics reform management capacity and experiential learning efforts have contributed to the reform outcome
