The Assassination Tapes:

The Kennedy Assassination Tapes Max Holland, 2004-09-14 A major work of documentary history the brilliantly edited and annotated transcripts most of them never before published of the presidential conversations of Lyndon B Johnson regarding the Kennedy assassination and its aftermath The transition from John F Kennedy to Johnson was arguably the most wrenching and ultimately one of the most bitter in the nation's history As Johnson himself said later I took the oath I became president But for millions of Americans I was still illegitimate a naked man with no presidential covering a pretender to the throne The whole thing was almost unbearable In this book Max Holland a leading authority on the assassination and longtime Washington journalist presents the momentous telephone calls President Johnson made and received as he sought to stabilize the country and keep the government functioning in the wake of November 22 1963 The transcripts begin on the day of the assassination and reveal the often chaotic activity behind the scenes as a nation in shock struggled to come to terms with the momentous events The transcripts illuminate Johnson's relationship with Robert F Kennedy which flared instantly into animosity the genuine warmth of his dealings with Jacqueline Kennedy his contact with the FBI and CIA directors and the advice he sought from friends and mentors as he wrestled with the painful transition We eavesdrop on all the conversations including those with leading journalists that persuaded Johnson to abandon his initial plan to let Texas authorities investigate the assassination Instead we observe how he abruptly established a federal commission headed by a very reluctant chief justice of the Supreme Court Earl Warren We also learn how Johnson cajoled and drafted other prominent men among them Senator Richard Russell who detested Warren Allen Dulles John McCloy and Gerald Ford into serving We see a sudden president under unimaginable pressure contending with media frenzy and speculation on a worldwide scale We witness the flow of inaccurate information some of it from J Edgar Hoover amid rumors and theories about foreign involvement And we glimpse Johnson addressing the mounting criticism of the Warren Commission after it released its still controversial report in September 1964 The conversations rendered here are nearly verbatim and have never been explained so thoroughly No passages have been deleted except when they veered from the subject Brought together with Holland's commentaries they make riveting hugely revelatory reading

The American Culture of Despair Richard K. Fenn,2018-04-18

Recent developments have made many social scientists and commentators wonder whether the United States is still a relatively modern secular and democratic society Instead America shows signs of the cultural despair that preceded the rise of fascism in Nazi Germany Taking a careful look at such critical moments as the assassination of John F Kennedy the Depression the assassination of President Lincoln and the eves both of the Civil War and of the American Revolution this book shows that Americans have long shown authoritarian and even fascist tendencies signs of despair that the nation is running out of time In these critical moments it finds evidence of a regressive cycle consisting of crisis followed by the sanctification of central authority and further crisis With its deep roots in Anglo American culture the current crisis awaits decisive resolution

The Assassination Chronicles ,1995 **The assassinations** James DiEugenio,Lisa Pease,2003-02-01

The Murder Mystique Lucy Freeman,1982 **JFK, Oswald and Ruby** Burt W. Griffin, Warren

Commission Assistant Counsel,2023-06-15 In this book former Warren Commission lawyer Burt Griffin examines anew the Kennedy assassination its various investigations its effects on the Cold War and the civil rights movement and the motives of Lee Harvey Oswald and Jack Ruby Griffin begins with his own skeptical reaction to the assassination proceeds to the Dallas police investigation and continues with the efforts of himself and his colleagues to sift truth from those who concealed withheld or exaggerated evidence After nearly six decades of study Judge Griffin is satisfied that Oswald acted alone He concludes that violence in the Cold War and civil rights movement caused Oswald to believe that blame for Kennedy's death

might be placed on followers of rightwing activist and former U S Army general Edwin Walker Walker was an outspoken enemy of Oswald's idol Cuban president Fidel Castro and a firm opponent of racial integration and Oswald had already attempted to murder Walker in April 1963 The author gives the Walker movement a more prominent place in the assassination story and traces the conflicting ambitions of Walker Oswald Kennedy and Ruby as they collided in October and November 1963 This book will help serious readers separate truth from fiction and to become examiners of how insignificant unsuspected powerless people driven by very personal needs and fears can with the help of a firearm alter the course of history **Assassination Tapes** George J. A. O'Toole,1973 **Breach of Trust** Gerald McKnight,2005 Explains how the Warren Commission had a political agenda dictated by the FBI causing it to reach its lone assassin conclusion and how the Commission's own documentation and other papers point to a likely conspiracy theory **The Assassinations** Peter Dale Scott,Paul Hoch,Russell Stetler,1976 **Reasonable Doubt** Henry Hurt,1986 Presents a thorough examination into the unanswered questions surrounding the assassination of President Kennedy **The Fourth Decade** ,1993 **The Assassination Please Almanac** Tom Miller,1977 **In Video** Dalhousie Art Gallery,1977 **Murder in Mind** Kirk Wilson,2005 **The Saturday Evening Post** ,1959-03 SCC Library has 1974 89 plus scattered issues
