The Astral Connection:

THE TECHNIQUES OF ASTRAL PROJECTION Dr. Douglas M. Baker, 2014-04-11 THE TECHNIQUES OF ASTRAL PROJECTION The subject of Astral Projection is one of paramount significance in this materialistic Age as it proves conclusively the possibility of life after death It is however a phenomenon more often brushed aside by the medical profession as mere hallucination In this book Dr Douglas Baker supplies the reader with case histories proving the reality of Astral Projection as well as describing in detail the various techniques whereby the astral body can be brought out of alignment with the physical so that the individual can be made increasingly conscious in the astral world He then goes on to describe that astral world and what we may expect to find there The Projection of the Astral Body Sylvan J. Muldoon, 2024-08-09 The Projection of the Astral Body by Sylvan J Muldoon is a pioneering and comprehensive guide to the fascinating phenomenon of astral projection where the consciousness separates from the physical body and experiences the astral plane First published in 1929 this classic work remains one of the most authoritative and insightful texts on the subject offering readers both a theoretical framework and practical techniques for achieving out of body experiences Sylvan J Muldoon a renowned expert in the field of astral projection draws on his extensive personal experiences and meticulous research to provide a detailed account of the astral body s nature capabilities and the conditions under which it can be projected Collaborating with Dr Hereward Carrington a respected psychical researcher Muldoon presents a thorough examination of the stages and methods of astral projection from initial relaxation and visualization exercises to more advanced practices The Projection of the Astral Body covers a wide range of topics including the different types of astral projections the silver cord that connects the astral body to the physical body the potential dangers and how to overcome them and the experiences that can occur while in the astral state Muldoon also discusses the spiritual and philosophical implications of astral projection offering insights into the nature of consciousness the afterlife and the broader mysteries of existence This book is an essential resource for both beginners and experienced practitioners of astral projection providing clear instructions and practical advice on how to safely and effectively explore the astral realm Muldoon s engaging and accessible writing makes complex concepts easy to understand making this work an invaluable tool for those seeking to expand their spiritual horizons The Projection of the Astral Body is more than just a manual for out of body experiences it is a profound exploration of the potentials of human consciousness and the limitless possibilities of the astral plane Sylvan J Muldoon s work continues to inspire and guide those interested in the esoteric and metaphysical dimensions of life

Beyond Dreaming - An In-Depth Guide on How to Astral Project & Have Out of Body Experiences Gene Hart,2021-05-26 REVISED EDITION 2024 Are you having no luck with Astral projection Discover the spiritual and wholesome approach to attaining out of body states of awareness which leads to more vivid and profound experiences The approach in this book is on the practical understanding of out of body consciousness rather than on intellectual debate or speculation It aims to address frequently asked questions that Gene has received from hundreds of people struggling to achieve Astral projection As explained in the book Through practical understanding alone we get rid of the need for ineffective methods and complex practices which harbour self doubt often seen in books which promise quick results through techniques backed by little explanation When we instinctively comprehend the mechanics behind out of body experiences we adopt our own intuitive practice Furthermore the book explores the difference between lucid dreaming and out of body experiences and how both these phenomena serve a significant purpose towards our spiritual progress One way to understand this is through realising that most of us are in a continuous dream like state that often has a firm grip over our awareness while we re awake and also while we re asleep this is key in understanding how to go beyond layers of subconscious perception in order to reach higher objective states of consciousness If we wake up out of our dreams during the day then we also have more chance of becoming conscious during our dreams at night too As Above So Below Learn

about how following the path of Astral projection enhances our mental emotional and physical health and overall quality of waking life the practice does not just apply to our non physical experiences during sleep Gene s knowledge is based on over a decade of deep meditation hundreds of out of body experiences and several years spent being part of a Gnostic group He has only one wish for you to experience conscious out of body travel with all of your senses intact just as you are here and now reading this Below are just some of the things you will learn in this guide Overcoming fear of the other side How to rely on intent rather than methods Several step by step methods and exercises How meditation greatly benefits Astral projection Analysing and understanding your failed attempts How to stay grounded and present once out of body How dreaming at night is no different than when we daydream How Astral projection is a deeply spiritual practice of self realisation Gene is dedicated to helping others achieve Astral projection and has provided contact details and extra resources at the end of the book
