Harry S. Stout, D. G. Hart

The Awakening:

The Awakening West , The days when those in the West looked towards the Eastern religious traditions for enlightenment are coming to an end Western spirituality has come into its own drawing on the rich philosophies of Zen Hinduism Advaita Vedanta Kashmiri Shaivism Judaism and Christianity In this book Western spiritual teachers and seekers at the front of this movement explore this phenomenon and share their experience warmth and wisdom The book includes writing by Adyashanti Peter Fenner Gangaji Douglas Harding Catherine Ingram Kenny Johnson Francis Lucille Satyam Nadeen Mira Pagal Robert Rabin Byron Katie Rolle Isaac Shapiro Lama Surya Das Christopher Titmus and Eckhart Tolle *The Awakening* Alicia Ashley, 2008-04-01 This book aims to show readers the actions they must take to start attracting the life they want Ashley explains the three powerful steps necessary for success how many people sabotage their success and why and finally how to change those negative behaviors **Xenotropism and the Awakening of Literary Expatriatism through Writing**

Memoirs Christine Velde, 2016-08-03 Although there have been many discussions about challenges faced by individuals going through East to West migrations there are few literary accounts about those moving from the West to the East Yet these migrations are becoming more frequent now due to advances in technology and the fact that a writer's work can now involve an increasingly global audience One way of expressing these challenges is through writing memoirs *Xenotropism and the Awakening of Literary Expatriatism through Writing* exemplifies the craft of memoirs written while living in a foreign country and explains how this is different from writing from home The book is a theoretical analysis of xenotropism based on the work of three prominent writers in China's history Emily Hahn Nien Cheng and Qiu Xiaolong The author explores the relationship between xenotropism turning towards foreign ideals and practices its complexities and challenges and the writing of a memoir and its impact on mental health This discourse will contribute to new knowledge in the field of creative writing and Asian studies by illustrating how xenotropism or turning towards foreign ideals and practices results in both personal and artistic development and builds an understanding and acceptance of different cultures within an individual These processes of change and understanding in turn facilitate the writing of a memoir which is a cathartic process having a positive effect on one's mental state Readers interested in creative writing or Asian literary studies will be able to understand the creative process behind writing memoirs from a combination of personal research based literary and theoretical perspectives *Contemplative Literature* Louis Komjathy, 2015-08-31 An anthology of primary texts on meditation and contemplative prayer from a wide range of religious traditions This is the first theoretically informed and historically accurate comparative anthology of primary texts on meditation and contemplative prayer Written by international experts on the respective texts and corresponding traditions *Contemplative Literature* provides introductions to and primary sources on contemplative practice from various religious traditions The contributors explore classical Daoist apophatic meditation Quaker silent prayer Jewish Kabbalah Southern Buddhist meditation Sufi contemplation Eastern Orthodox prayer Pure Land

Buddhist visualization Hindu classical Yoga Dominican Catholic prayer Daoist internal alchemy and modern therapeutic meditation Each introduction to a contemplative text discusses its historical context the associated religious tradition and literature the method of contemplative practice and the text's legacy and influence Volume editor Louis Komjathy opens the work with a thoughtful consideration of interpretive issues in the emerging interdisciplinary field of contemplative studies Readers will gain not only a nuanced understanding of important works of contemplative literature but also resources for understanding contemplative practice and contemplative experience from a comparative and cross cultural perspective We have not seen anything this bold and this global since Friedrich Heiler wrote his classic study on the typology of prayer over eighty years ago Komjathy and his essayists have vastly expanded the scope depth and sophistication of this project here In the process they have struggled with all of the critical questions around religious pluralism tradition and religious authority and have emboldened the comparative project itself Contemplation and comparison it turns out go very well together Jeffrey J Kripal author of *Comparing Religions Coming to Terms* Teachers and scholars undergraduate and graduate students and general readers interested in contemplative practice will cherish a book like this I'm happy that Louis Komjathy has done this great work It will undoubtedly be hailed as a milestone Ruben L F Habito author of *Healing Breath Zen for Christians and Buddhists in a Wounded World* The Awakening Kate Chopin,1996 With an introduction by Marilynne Robinson **The Little Handbook of Mindfulness** Dr. Tan Seng Beng,2023-06-29 The Little Handbook of Mindfulness is a comprehensive guidebook featuring 239 guided mindfulness exercises on the four foundations of mindfulness body feelings mind and thoughts Written to help readers alleviate stress and suffering by unleashing the power of presence in their lives the book guides readers to find peace and purpose in every moment discover their inner sanctuary and build a compassionate world one moment at a time It provides readers with a wide range of mindfulness exercises from basic tasks such as smiling to a cashier being mindful of rain or while sweeping the floor to more advanced exercises like sitting with difficult emotions delving into the depths of the body at a quantum level and practicing the art of dying without a dier **The Awakening of Asia** Henry Mayers Hyndman,1919 A study of the influence of the white man on the Far East **no. 1 The awakening of China. 3d ed. no. 2 The opportunity in China. no. 3 Dreams of China. no. 4 New chapters on The awakening of China** James Whitford Bashford,1907 *Mindfully Facing Disease and Death* Analayo,2016-10-03 Disease and death are undeniably integral parts of human life Yet when they manifest we are easily caught unprepared To prepare for these we need to learn how to skilfully face illness and passing away A source of practical wisdom can be found in the early discourses that record the teachings given by the Buddha and his disciples The chief aim of this book is to provide a collection of passages taken from the Buddha's early discourses that provide guidance for facing disease and death New Directions in American Religious History Harry S.
