The Ascent Of Man Henry Drummond,2014 Though its stand point is Evolution and its subject Man this book is far from being designed to prove that Man has relations compromising or otherwise with lower animals Its theme is Ascent not Descent It is a History not an Argument And Evolution in the narrow sense in which it is often used when applied to Man plays little part in the drama outlined here So far as the general scheme of Evolution is introduced and in the Introduction and elsewhere this is done at length the object is the important one of pointing out how its nature has been misconceived indeed how its greatest factor has been overlooked in almost all contemporary scientific thinking **Encyclopedia of the Documentary Film 3-Volume Set** Ian Aitken,2013-10-18 The Encyclopedia of the Documentary Film is a fully international reference work on the history of the documentary film from the Lumi re brothers Workers Leaving the Lumi re Factory 1885 to Michael Moore s Fahrenheit 911 2004 This Encyclopedia provides a resource that critically analyzes that history in all its aspects Not only does this Encyclopedia examine individual films and the careers of individual film makers it also provides overview articles of national and regional documentary film history It explains concepts and themes in the study of documentary film the techniques used in making films and the institutions that support their production appreciation and preservation *Lectures and Essays* Goldwin Smith,1881 **The Ascent of Man** Henry Drummond,2016-08-17 Henry Drummond was a Scottish evangelist writer and lecturer It had been his intention to reserve these lectures for mature revision but an attempted piracy compelled him to hasten their publication and they appeared in 1894 under the title of The Ascent of Man Their object was to vindicate for altruism or the disinterested care and compassion of animals for each other an important part in effecting the survival of the fittest a thesis previously maintained by Professor John Fiske
