## **The Asteroid Wars:**

*The Silent War* Ben Bova, 2004-08-02 The story of the men and women who risk everything to mine the riches of the asteroids began in *The Precipice* and continued in *The Rock Rats*. It comes to its climax in *The Silent War*. Martin Humphries, wealthy, ruthless and obsessed, has exiled his rival Lars Fuchs to the depths of space and taken Fuchs' wife, Amanda Cunningham, for his own. Now he rules space exploration almost unchallenged. But for Humphries, nothing short of total domination will ever be enough. He wants a son, Amanda's son. He wants Fuchs to die. He wants to control the Moon. And if the free space prospectors of the asteroid Ceres stand in his way, he promises to destroy them. But another power is building its strength in secret, waiting for a chance to seize the Humphries empire.

**The Aftermath** Ben Bova, 2008-10-10 Set against the trackless void of space, Ben Bova's new novel is a duel between two men. One is the murderer of a whole world, the other is one of his victims. The Second Asteroid War climaxed with the brutal destruction of Chrysalis, hundreds of men, women and children on the miners' habitat, died terrible deaths in the vacuum of the asteroid belt. But one ship escapes destruction. Low on fuel, her communications destroyed, the ore ship Syracuse flees towards deep space with fifteen year old Theo Zacharias at the helm. Three years later, the war long over, Syracuse still drifts through the void. Meanwhile, the man who now calls himself Dorn, the destroyer of Chrysalis, roams space gathering up the bodies of his victims. He encounters Theo Zacharias in a clash of purposes, hopes and fury.

**The Precipice** Ben Bova, 2009-03-09 Once Dan Randolph was one of the richest men on Earth. Now the planet is spiralling into environmental disaster with floods and earthquakes, destroying the lives of millions. Randolph knows the energy and natural resources of space can save Earth's economy, but the price may be the loss of the only thing he has left: the company he founded, Astro Manufacturing. Martin Humphries, fabulously wealthy heir of the Humphries Trust, also knows that space-based industry is the way of the future. But unlike Randolph, he does not care if Earth perishes in the process. And he knows that the perfect bait to ensnare Dan Randolph and take control of Astro is his revolutionary new fusion rocket propulsion system. As Randolph, accompanied by two beautiful women who are also brilliant astronauts, flies out to the Asteroid Belt aboard a fusion-propelled spacecraft, Humphries makes his move. The future of mankind lies in Randolph's hands.

**The Aftermath** Ben Bova,2016-05-31 Six time Hugo Award winner Ben Bova chronicles the saga of humankind s expansion beyond the solar system in The Aftermath In the wake of the Asteroid Wars that tore across the solar system Victor Zacharius makes his living running the ore carrier Syracuse He plies the Asteroid Belt hauling whatever cargo can be found When the Syracuse stumbles into the middle of a military attack on the habitat Chrysalis Victor flees in a control pod to draw attention away from his family Now as his wife and children plunge into the far deeps of space Victor has been rescued by the seductive Cheena Madagascar and must do her bidding if he hopes to see his family again Elverda Apacheta is the solar system s greatest sculptor The cyborg Dorn was formerly Dorik Harbin the ruthless military commander responsible for the attack on Chrysalis Their lives and destinies have been linked by their joint discovery of an alien artifact that transforms them Little do they know their knowledge of the artifact s mysterious powers

puts them in great danger Fate inevitably catches up to the pair setting off a series of events that will affect the Zacharius family Apacheta and Dorn and just might transform the entire human solar system     **THE CRUCIBLE II** Robert Stetson,2014-01-25 When the consolidation of the Euro fails to stabilize the local economy the Council of 12 known announces the Blue Chip Credit to be the global cashless currency Mining on the Moon and Mars destroys the value of precious metal as the economic standard undermining the value of the credit Conversion to both the Blue Bank Credits and Basic Credit eliminates cash Cash no longer exists The government can track every small exchange With taxes abolished unused credits revert to the government coffers after one year The peoples own hours of labor become the standard for the new world currency Can the Spencer family use the very oppression designed to financially enslave them and set them free Watch for Crucible III as you keep this this amazing secret ending close to your vest     *The Precipice* Ben Bova,2002-12-01 With Earth on the verge of total environmental disaster Dan Randolph and two female astronauts embark on a mission to the asteroid belt in a last ditch quest to salvage the future of all life on the planet     **Fire in the Sky** Gordon L. Dillow,2019-06-04 This accessible and always entertaining Booklist combination of history pop science and in depth reporting offers a fascinating account of the asteroids that hit Earth long ago and those streaming toward us now as well as how prepared we are against asteroid caused catastrophe One of these days warns Gordon Dillow the Earth will be hit by a comet or asteroid of potentially catastrophic size The only question is when In the meantime we need to get much better at finding objects hurtling our way and if they're large enough to penetrate the atmosphere without burning up figure out what to do about them We owe many of science's most important discoveries to the famed Meteor Crater a mile wide dimple on the Colorado Plateau created by an asteroid hit 50 000 years ago In his masterfully researched *Fire in the Sky* Dillow unpacks what the Crater has to tell us Prior to the early 1900s the world believed that all craters on the Earth and Moon were formed by volcanic activity Not so The revelation that Meteor Crater and others like it were formed by impacts with space objects has led to a now accepted theory about what killed off the dinosaurs and it has opened up a new field of asteroid observation that is brimming with urgency Dillow looks at great asteroid hits of the past and modern day asteroid hunters and defense planning experts including America's first Planetary Defense Officer Satellite sensors confirm that a Hiroshima scale blast occurs in the atmosphere every year and a smaller one kiloton blast every month While Dillow makes clear that the objects above can be deadly he consistently inspires awe with his descriptions of their size makeup and origins Both a riveting work of popular science and a warning to not take for granted the space objects hurtling overhead *Fire in the Sky* is ultimately a testament to our universe's celestial wonders     **The Aftermath** Ben Bova,2007-08-07 In the wake of the Asteroid Wars that tore across the solar system Victor Zacharius makes his living running the ore carrier Syracuse With his wife and two children he plies the Asteroid Belt hauling whatever cargo can be found When the Syracuse stumbles into the middle of a military attack on the habitat Chrysalis Victor flees in a control pod to draw the attacker's attention away from his family

Now as his wife and children plunge into the far deeps of space Victor has been rescued by the seductive Cheena Madagascar He must do her bidding if he s to have a prayer of ever seeing his family again Elverda Apacheta is the solar system s greatest sculptor The cyborg Dorn was formerly Dorik Harbin the ruthless military commander responsible for the attack on Chrysalis Their lives and destinies have been linked by their joint discovery of the alien artifact that had earlier profoundly affected industrialist Martin Humphries Similarly transformed by the artifact s mysterious powers Apacheta and Dorn now prowl the Belt determined to find the bodies of the many victims of Harbin s atrocities so that they can be given proper burials Kao Yuan is the captain of Viking owned by Martin Humphries who s determined to kill Dorn and Elverda because they know too much about the artifact and its power over him But Viking s second in command Tamara Vishinsky appears to have the real power on board ship When Viking catches up to Apacheta and Dorn their confrontation begins a series of events involving them the Zacharius family and Martin Humphries and his son in the transformation of the human solar system
