## **The Australian Republic:**

The Australian Republic John Uhr, 1999 The political issue of the second half of 1999 in Australia will be the republic referendum This book sets out all the reasons why Australians should vote for a president and against the monarchy It covers all shades of republican views the Australian Republican Movement as well as direct election views **Monarchy to Republic** George Winterton, 1994 Australian republicanism has moved to the centre of our national agenda and is likely to be achieved within the next generation However the details of that republican government have yet to emerge This updated version of Monarchy to Republic provides the latest developments in public opinion and arguments for and against retaining a monarchy George Winterton focuses on the practical constitutional and governmental issues involved in establishing an Australian republic An important reference work Monarchy to Republic now includes the latest developments in public opinion arguments for and against retaining the monarchy and recent constitutional developments The Australian Republic Albert Jaime Grassby, 1993 Your official referendum pamphlet referendum 99 An Australian republic implications for the Northern Territory preamble to the Australian constitution referendum on a republic the arguments Royalty or republic the essence of the question The Weekend Australian October 9 10 1999 *An Australian Republic: The report* Australia. Republic Advisory Committee, 1993 This Time Benjamin T. Jones, 2018-01-24 To propose an Australian should be our head of state doesn't seem revolutionary Isn't that already the case some may even ask Flip a coin and you'll have your answer In This Time Benjamin T Jones charts a path to an independent future He reveals the fascinating early history of the Australian republican movement of the 1850s and its larger than life characters He shows why we need a new model for a transformed multicultural nation and discusses the best way to choose an Australian head of state With republicans leading every government around the nation the time is ripe for change **Fiducial Governance** John Power, 2010-07-01 FIDUCIAL GOVERNANCE AN AUSTRALIAN REPUBLIC FOR THE NEW MILLENNIUM represents an attempt to grapple with the challenges of designing governance regimes suited to the new millennium Power's monograph asserts the need for the reform of Australian governance and charts Australia's fitful progress towards a republican future Along the way he sketches a framework for constitutional reform mindful of the strengths and weaknesses of the current system of government and the contest of ideas about the role and configuration of Australian Heads of State Long a frustrated Australian republican Power contends that the republican log jam is due in significant part to a lack of respect shown by the republican policy community to the contribution long made to good governance by monarchical heads of state This monograph seeks to draw lessons from this experience so as to make the republican venture one of substance for the Australian public In so doing Power draws on a range of republican indigenous and feminist writings in order to develop a new framework of fiducial governance aimed at enhancing the trustworthiness and integrity of our institutions of governance thereby paving the way for the replacement of the monarch by a directly elected head of state This is an erudite and thoughtful book that will be of interest to those with an

interest in systems of governance and to constitutional scholars whether they be republicans or monarchists

*Constitutional Politics* John Warhurst, Malcolm Mackerras, 2002 No Marketing Blurb [Australian Republicanism](#) Mark McKenna, Wayne Hudson, 2013-05-09 We Love the Queen We honour the Queen We serve the Queen R G Menzies We must be ourselves Patrick White This collection of readings is designed to transform the way Australians understand republicanism The editors Mark McKenna and Wayne Hudson have harvested a wealth of previously neglected historical sources to produce a fascinating collection of original documents that grapple with the issue of Australian republicanism In the vein of Manning Clark's *Select Documents in Australian History* this collection offers an inspiring and salient sample of Australian viewpoints from the famous to the obscure the official to the flagrantly informal the rhetorical to the ridiculous McKenna and Hudson argue with wit and conviction that the republic has a place in Australia's future but only if it is a republic founded on a vision of inclusion This is the first principle of creating a sense of ownership and belonging a republic about which people might begin to care [The Chautauquan](#), 1898 **The Australian Republic** Cheryl Saunders, Canadian Study of Parliament Group, 2000 **The Australian Journal**, 1872 **The Australian Republic** John Jost, 1993-09-01 *The Year-book of Australia*, 1896 [Agenda](#), 1995 *Crossing the Floor* Melvyn Cann, 1999 *An Australian Republic* Greg Barns, Anna Krawec-Wheaton, 2006 An Australian republic is so near yet so far The prime minister John Howard is so vehemently opposed to any change in the status quo that there seems little likelihood of the republic being placed on the political agenda in the near future As the 1999 referendum showed the confrontational nature of our democracy is tailor made for political opportunism and negative campaigns and will always be a potential obstacle to the republican cause The desire for a more appropriate constitutional form for contemporary Australia has been placed in the too hard basket by many of its supporters Greg Barns and Anna Krawec Wheaton are more hopeful They argue that the community is broadly republican in sentiment and that forces within both major political parties are sympathetic They believe that the situation could change rapidly with a Costello prime ministership presenting a real opportunity to build consensus across party boundaries and between the major players An Australian Republic examines how the opportunity can be grasped how the conditions necessary for achieving consensus can be created and how the political will to tackle the complex issues of constitutional change can be generated

**The International Reference Library**, 1900 *Australia - Republic Or Us Colony?* Klaas Woldring, 2006-02-07 This is a book which deals with the current movement towards a Republic in Australia Apart from sketching the contemporary political background in Australia it presents comparative material on Republics and their Presidents as well as about political systems which differ from the Westminster tradition [The Captive Republic](#) Mark McKenna, 1996-12-23 The idea of an Australian republic has existed from the moment the First Fleet sailed into Sydney Harbour This book is a comprehensive history of republican thought and activity in Australia and traces republican debate in Australia from 1788 It explains the pivotal role played by republican philosophies in the decades before responsible government was granted to the Australian

colonies in 1856 and prior to federation in 1901 Mark McKenna also describes the often erratic appearance of republicanism during the twentieth century focusing in particular on the period after 1975 when the issue of a republic became a prominent and increasingly fixed term on the political agenda This book will be essential reading for all those with an interest in political and intellectual history It calls for a higher level of public debate about the republic and makes an outstanding contribution to this debate itself     *The Australian Grapegrower & Winemaker* ,2001
