*Omar Khayyam's Secret: Hermeneutics of the Robaiyat in Quantum Sociological Imagination: Book 8: Khayyami Robaiyat: Part 1 of 3: Quatrains 1-338: Songs of Doubt Addressing the Question "Does Happiness Exist?"* Mohammad H. Tamdgidi, 2024-10-25 Omar Khayyam's Secret Hermeneutics of the Robaiyat in Quantum Sociological Imagination by Mohammad H Tamdgidi is a 12 book series of which this book is the 8th volume subtitled Khayyami Robaiyat Part 1 of 3 Quatrains 1 338 Songs of Doubt Addressing the Question Does Happiness Exist Explained with New English Verse Translations and Organized Logically Following Omar Khayyam's Own Three Phased Method of Inquiry Each book independently readable can be best understood as a part of the whole series In Book 8 Tamdgidi offers the first of a 3 part set of 1000 quatrains he has chosen to include in this series from a wider set that have been over the centuries attributed to Khayyam Part 1 includes quatrains 1 338 for each of which the Persian original along with Tamdgidi's new English verse translation and a transliteration for the same are shared Each quatrain is indexed according to the frequency of its inclusion in manuscripts the earliest known date of its appearance in them the extent to which it has wandered into other poets works and its rhyming scheme Brief comments about the meaning of each quatrain in relation to other quatrains and works attributed to Khayyam are then offered along with any notes regarding its new translation as shared Tamdgidi shows that the

quatrains 1 338 in the beginning 30 of which Khayyam offers an opening to his book of poetry as a secretive work of art address the question Does Happiness Exist The latter question is the first of a set of three methodically phased questions Khayyam has identified in his philosophical works as being required for investigating any subject The order in which the quatrains are presented shows that the quatrains included in Part 1 follow a logically inductive reasoning process through which Khayyam delves from the surface portraits of unhappiness to their deeper chain of causes in order to answer his question The thematic topics of the quatrains of Part 1 as shared in Book 8 are I Secret Book of Life II Alas III Times IV Spheres V Chance and Fate VI Puzzle VII O God VIII Tavern Voice and IX O Wine Tender After the opening quatrains where Khayyam explains why he was composing a secretive book of poetry and what it aims to do his inquiry starts with doubtful existential self reflections on his life leading him to first blame his times then the spheres then matters of chance and fate soon realizing that he really does not have an explanation for the enigmas of existence concluding that the answer only lies with God So he appeals to God directly for an answer It is then that he hears the voice of the Saki or Wine Tender from his inner tavern to whom he replies in a series of quatrains closing Part 1 It is in the course of the inquiry in Part 1 that the idea of using Wine as a poetic trope is discovered by him a matter that is separate from his interest in drinking wine which he never denies but is secondary to the spiritual Wine discovered and advanced in his book of poetry that in fact represents his poetry the Robaiyat itself and its promise in answering his questions The logical order of Khayyam s inquiry shows how seemingly contradictory views that have been attributed to him can in fact be explained as logical moments in the successively deeper inquiries he makes inductively when addressing the question whether happiness exists in the created world We should therefore judge each quatrain as a logical moment in Part 1 s inquiry as a whole in anticipation of the two remaining parts of his book of poetry to be shared in Books 9 and 10 of the series respectively addressing the two follow up questions What Is Happiness and Why Does or Can Happiness Exist

Tamdgidi, 2024-10-25 Omar Khayyam's Secret Hermeneutics of the Robaiyat in Quantum Sociological Imagination by Mohammad H Tamdgidi is a 12 book series of which this book is the 11th volume subtitled Khayyami Robaiyat Re Sewing the Tentmaker's Tent 1000 Bittersweet Wine Sips from Omar Khayyam's Tavern of Happiness Each book independently readable can be best understood as a part of the whole series In Book 11 having shared the three parts of the Robaiyat attributed to Khayyam in the Books 8 9 and 10 of the series Tamdgidi offers the entire set of the 1000 quatrains including the Persian originals and his new English verse translations for each The poems comprising Khayyam's songs of doubt hope and joy are organized according to the three phased method of inquiry he introduced in his philosophical writings respectively addressing the questions Does Happiness Exist What Is Happiness and Why Does or Can Happiness Exist When Khayyam discussed the three phased method of inquiry in his treatise

Resalat fi al Kawn wa al Taklif Treatise on the Created World and Worship Duty he noted an exception to the rule of asking when studying any subject whether it exists what it is and why it exists or can exist He distinguished between things objectively existing independent of the human mind and those created by the human mind The normal procedure applies to the former but for products of the human mind he advised the procedure must be modified to asking first what something is then whether it exists and then why it exists or can exist This is because for products of the human mind such as created works of art we would not know whether something exists and why it exists unless we first know what it is To illustrate his point he used the example of the mythical bird Anqa Simorgh in Persian or the Phoenix in English He argued that only when we know what the metaphor stands for would we be able to say whether it exists say in a work of art or even as a person represented by it and why it exists or can exist Khayyam s elaboration implies that one has to make a distinction between objective and human objectified realities which implies that for some objects such as happiness we in fact confront a hybrid reality where aspects of it may be externally conditioned but other aspects being dependent on the human will Once we realize the significance of Khayyam s point then we appreciate that his Robaiyat can also be regarded as a way of poetically portraying and advancing human happiness its poetic Wine being not just reflective but also generative of the happiness portrayed By way of his poetry therefore Khayyam has offered a severe critique of the then prevalent fatalistic astrological worldviews blaming human plight on objective conditions in favor of a conceptualist view of reality in which happiness can be achieved despite the odds depending on the creative human agency itself being an objective force Tamdgidi further shows that the triangular geometry of the logic governing Khayyam s Robaiyat the numerical values of whose three sides are proportional to the Grand Tent governing Khayyam s birth chart further supports the view expressed in Khayyam s own quatrains that for him his Robaiyat poetically represented the tent of which he regarded himself to be a tentmaker revealing another key explanation for his pen name The geometric structure of a tent proportional to the Grand Tent of Khayyam s chart as well as the metaphor of the Robaiyat as Simorgh songs are hidden in the deeper structure of Khayyam s 1000 piece solved puzzle the same way he embedded his own triangular golden rule in the design of the North Dome of Isfahan Khayyam s Robaiyat are his Simorgh s millennial rebirth songs served in his tented tavern as 1000 sips of his bittersweet Wine of happiness
