

## Nature vs nurture Argumentative Essay

Whereas nurture is the environment around us that can influence our upbringing and it is the society around us that affect the way we think or do certain things. It refers to a person's childhood and how they were brought up and what they learn. Nature vs. Nurture debate does not have a firm conclusion to say which one has more value as it is a debate that has been discussed between philosophers to identify which one has more influence in our lives. Some philosophers argue that the nature is most influential in our lives as it is part of our genetic makings, something that we cannot change even if we want to.

Others argue that nurture is more influential as it determines our personality and our perspective of things, the way we view things. For example, a teenager wanting to be a doctor when they grow up is not part of our nature, it goes more towards nurture because it is the way we are brought up that influences our decisions in life. If a child had a parent who is a doctor and they watch their parent making people feel becoming well, then they might want to do the same as they might get fascinated by it. This decision that the child made to become a doctor is the doing of nurture because the child was influenced by what he saw around him.

Nature on the other hand is nothing that can be fixed or change at any cost. For example, if a child was born with illness such as Cystic Fibrosis then this is something that they cannot recover from, they might get medication to help them survive but it is not something that they can get well from as it is part of their genetic making. Furthermore, some people argue that nurture has more influence in our lives because a serial killer does not become a murderer because it is in his genes, but because they are influenced by what they see around them.

Some philosophers claim that a person's development is influenced by both nature and nurture. For example, if a person is born with blonde hair and blue eyes, this is something natural that they cannot change, however, if they live in a posh area, then their accent would be posh; this is something that is nurture is responsible for because the community a person lives in *Wool\_sld* determines the accent they would have. *Dry Money* and the boy with no penis is the story of David Rimes who was turned in to a girl when he was baby due to his Penis being burned off during circumcision.

When David was born he was called Bruce and his twin brother was called Brian. *Dry John Money* was a sexologist; he debates about sex changes operations on transsexual. When Bruce's penis was burned off, his parents Janet and Ron Rimes were very upset over and did not know what to do. When they found out about *Dry Money*, they finally found hope, knowing that he would be able to help their child. *Dry Money* believed that nurture can win out nature anytime. For example, he believed that

Commentary Essays Book II Charles Henderson, 2022-05-13 Dr Charles Henderson's newly released News Commentary Essays Book II Poignant Responses to Fourth Estate Rancor is a vivid collection of sociopolitical writings. The years 2014 to 2015 were significant in American history because they were filled with news stories about epic and sometimes controversial events. The presidential campaign began to slowly heat up and the news media reporters were caught flat footed when two inexperienced candidates Donald Trump and Ben Carson surprisingly jumped into the lead. The military conflict in the Middle East shifted to Syria causing the op ed foreign policy writers to berate President Obama for hesitating to enter into a third insurgency war. And last but not least the Supreme Court finally heard arguments on the constitutionality of overturning state bans on same sex marriage. That ruling both epic and controversial is expected to lead to the challenging of religious liberty. Henderson's Book II is an entertaining and insightful volume of over four hundred essays touching on all manner of complex political policies and social issues. It contains eighteen different topics arranged in chapters alphabetically from Drones to Women in the Military encompassing other chapters involving controversial subjects such as homosexuality, morality, race, and social issues. Pursuit of the unbiased truth is the hallmark of this book's narratives. Published by Christian Faith Publishing, Dr. Henderson's new book is a grippingly eloquent and mind broadening work of educated opinion with many of the essays written in response to the rather conservative op ed pieces in the liberally inclined Washington Post. In his writings, Henderson offers a rare mind of clarity along with a serene strength of conviction secure in his foundation in God's Word amid the raging din of the modern world's political drama and ethical battlefields.
