**Soleiluna** Emily Frances,2024-04-30 Our story starts when ancient hearts reincarnate to tell the tale and as they unveil the mystery that links together all of history the secret knowledge that once was forbidden becomes unable to stay hidden but when the deception of the past begins to bubble the darkness conjures a conniving trouble however karma spins the wheel in the name of the light to set the world right and when the most powerful souls of the divine are alive once again to

shine like the prophecies told a wonderful adventure is set to unfold as Luna meets Soleil when she crosses under the archway through the magical portal their past lives created and so their reunion was predestined and fated because life is like a poem that never ends and when they team up with their old friends they open so much more than just the ancient teleportation door as the farther they travel the more begins to unravel and is unfurled in this mythical fairytale world because with the powers of their mind they are able to find the treasures their past lives left behind and the truths that lie in the legends lost to time as they sing the everlasting rhyme and take the stage to vanquish the evil and kick off the golden age
