

The final "lost" volume of the iconic Sacred Band series in an all-new Author's Cut edition.

STORM SEED

HIGH ADVENTURE AWAITS.

Travel with the Sacred Band of Stepsons to a future undreamed. Tempus the Black, avatar of the Storm God, and his partner Niko reunite the Sacred Band for a mission to a dying world. And from there —should the gods allow — to mystical Lemuria.

"...Morris includes archaeological and historical details, from physical items to social practices, religion, and philosophy, to create a fantasy world that is, in many ways, more historically accurate than many popular accounts of antiquity."

Climate Change and Cities Cynthia Rosenzweig, William D. Solecki, Stephen A. Hammer, Shagun Mehrotra, 2011-04-28 Urban areas are home to over half the world's people and are at the forefront of the climate change issue. The need for a global research effort to establish the current understanding of climate change adaptation and mitigation at the city level is urgent. To meet this goal a coalition of international researchers the Urban Climate Change Research Network UCCRN was formed at the time of the C40 Large Cities Climate Summit in New York in 2007. This book is the First UCCRN Assessment Report on Climate Change and Cities. The authors are all international experts from a diverse range of cities with varying socio economic conditions from both the developing and developed world. It is invaluable for mayors, city officials and policymakers, urban sustainability officers and urban planners and researchers, professors and advanced students.
