The Beano 1987:

The History of the Beano Iain McLaughlin, 2022-04-21 The Beano is Britain's longest running and best loved comic. Since 1938 it has brought thrills and laughter to generation after generation of children seeing the young and young at heart through World War 2, the social changes of the 1950s and 60s and on into a new millennium. How has the comic evolved since its early days? How many of the classic characters and their stories do you remember? What are the important changes that have happened through the years, why have they happened, and why has The Beano survived when all the other comics have folded? Every child in the UK since the 1950s has known Dennis the Menace, the Bash Street Kids, Minnie the Minx, and Roger the Dodger, but how many know the writers and artists who created these iconic comic characters? How do they write the scripts week after week? Where did the inspiration come from? How did the artists come to work for this Great British institution? This is the story of the Beano Comic told in the words of the people who made it, going back to the dark, harsh days of the 1930s and continuing through to the present day. A unique insight into the country's most beloved comic. **Annual 1987 Beano** ANNUAL, 2000-01-01

The Bibliography of Regional Fiction in Britain and Ireland, 1800-2000 Keith D. M. Snell, 2017-03-02 Pioneering and interdisciplinary in nature, this bibliography constitutes a comprehensive list of regional fiction for every county of Ireland, Scotland, Wales, and England over the past two centuries. In addition, other regions of a usually topographical or urban nature have been used, such as Birmingham and the Black Country, London, The Fens, the Brecklands, the Highlands, the Hebrides, or the Welsh border. Each entry lists the author, title, and date of first publication. The geographical coverage is encompassing and complete, from the Channel Islands to the Shetlands. An original introduction discusses such matters as definition, bibliographical method, popular readerships, trends in output, and the scholarly literature on regional fiction.

Dracula in Visual Media John Edgar Browning, Caroline Joan (Kay) Picart, 2014-01-10 This is a comprehensive sourcebook on the world's most famous vampire, with more than 700 citations of domestic and international Dracula films, television programs, documentaries, adult features, animated works, and video games, as well as nearly a thousand comic books and stage adaptations. While they vary in length, significance, quality, genre, moral character, country, and format, each of the cited works adopts some form of Bram Stoker's original creation and Dracula himself, or a recognizable vampiric semblance of Dracula, appears in each. The book includes contributions from Dacre Stoker, David J. Skal, Laura Helen Marks, Dodd Alley, Mitch Frye, Ian Holt, Robert E. Bisang, and J. Gordon Melton.
