High Performance Clock Distribution Networks Eby G. Friedman, 2012-12-06 A number of fundamental topics in the field of high performance clock distribution networks is covered in this book High Performance Clock Distribution Networks is composed of ten contributions from authors at academic and industrial institutions Topically these contributions can be grouped within three primary areas The first topic area deals with exploiting the localized nature of clock skew The second topic area deals with the implementation of these clock distribution networks while the third topic area considers more long range aspects of next generation clock distribution networks High Performance Clock Distribution Networks presents a number of interesting strategies for designing and building high performance clock distribution networks Many aspects of the ideas presented in these contributions are being developed and applied today in next generation high performance microprocessors

The Welsh Way Dan Evans, Kieron Smith, Huw Williams, 2021-09-01 This book argues for a new Welsh Way one that is truly radical and transformational A call for a political engagement that will create real opportunity for change Neoliberalism has firmly taken hold in Wales The clear red water is darkening The wounds of poverty inequality and disengagement far from being healed have worsened Child poverty has reached epidemic levels the worst in the UK Educational attainment remains stubbornly low particularly in deprived communities Prison population rates are among the highest in Europe Unemployment remains stubbornly high House prices are rising with the private rented sector lining the pockets of an ever increasing number of private landlords Minority groups are consistently marginalised All this is not to mention the devastatingly disproportionate impact of the coronavirus pandemic on working class communities The Welsh Way interrogates neoliberalism's grasp on Welsh life It challenges the lazy claims about the successes of devolution fabricated by Welsh politicians and regurgitated within a tepid attenuated public sphere These wide ranging essays examine the manifold ways in which neoliberalism now permeates all areas of Welsh culture politics and society They also look to a wider world to the global trends and tendencies that have given shape to Welsh life today Together they encourage us to imagine and demand another Welsh future
