## Stories From A Life In Progress:

**Work in Progress** Rieke Jordan, 2019-05-02 Work in Progress Curatorial Labor in Twenty First Century American Fiction interrogates contemporary texts that showcase forms of reading practices that feel anachronistic and laborious in times of instantaneity and short buffering times Objects of analysis include the graphic narrative Building Stories by Chris Ware the music album Song Reader by the indie rock artist Beck Hansen and the computer game Kentucky Route Zero by the programming team Cardboard Computer These texts stage their fragmentary nature and alleged unfinishedness as a quintessential part of both their narrative and material *modus operandi* These works in and of progress feel both contemporary and retro in the 21st century They draw upon and work against our expectations of interactive art in the digital age incorporating and likewise rejecting digital forms and practices This underlines the material and narrative flexibilities of the objects for no outcome or reading experience is the same or can be replicated It becomes apparent that the texts presuppose a reader who invests her spare time in figuring these texts out diagnosing a contorted work leisure dichotomy working these stories out is a significant part of the reading experience for the reader curatorial labor This conjures up a reader who as the author argues is turned into a curator and creative entity of and in these texts for she implements and reassembles the options made available *James Joyce's 'Work in Progress'* Dirk Van Hulle, 2016-04-28 The text of Finnegans Wake is not as monolithic as it might seem It grew out of a set of short vignettes sections and fragments Several of these sections which James Joyce confidently claimed would fuse of themselves are still recognizable in the text of Finnegans Wake And while they are undeniably integrated very skillfully they also function separately In this publication history Dirk Van Hulle examines the interaction between the private composition process and the public life of Joyce's Work in Progress from the creation of the separate sections through their publication in periodicals and as separately published sections Van Hulle highlights the beautifully crafted editions published by fine arts presses and Joyce's encouragement of his daughter's creative talents even as his own creative process was slowing down in the 1930s All of these pre book publications were alive in both bibliographic and textual terms as Joyce continually changed the texts in order to prepare the book publication of Finnegans Wake Van Hulle's book offers a fresh perspective on these texts showing that they are not just preparatory versions of Finnegans Wake but a Work in Progress in their own right **Toronto** Allan Levine, 2014-09-13 With the same eye for character anecdote and circumstance that made Peter Ackroyd's London and Colin Jones's Paris so successful Levine's captivating prose integrates the sights sounds and feel of Toronto with a broad historical perspective linking the city's present with its past through themes such as politics transportation public health ethnic diversity and sports Toronto invites readers to discover the city's lively spirit over four centuries and to wander purposefully through the city's many unique neighborhoods where they can encounter the striking and peculiar characters who have inhabited them the powerful and powerless the entrepreneurs and the entertainers and the moral and the corrupt all of whom have contributed
