Hitchner, 2017-04-19 Practical valuation exercises with real world application and expert insight *Financial Valuation Workbook* cuts the learning curve in half with practical training for use with any valuation textbook Packed with tools resources and over 300 exercises this book helps novices get a handle on the complex valuation process while helping more experienced practitioners organize their engagements Checklists flowcharts reports information requests and other resources help streamline the workflow and ensure thorough review while in depth coverage places the complexities of the field front and center This new fourth edition features a brand new expanded case study for real world insight accompanied by exercises with explanations that deepen the learning process Expert tips are highlighted throughout to provide additional insight in specific situations and exercises from basic to advanced map to established training processes Valuation is as an art as well as a science and simply reading a textbook only goes halfway toward true learning applying what you learn is critical This book provides hands on practice alongside useful tools and valuable insight to help solidify your understanding of the many facets of this complex field Delve into the intricacies of valuation with a new expanded case study and expert tips Follow checklists and flowcharts for each phase of the valuation process Use reports information requests and other tools that help organize your workflow Test your understanding with over 300 exercises organized by major area Organized into standard recognized and easily identified sections that lend themselves to quick refreshers as well as start to finish study this book is a truly useful resource for beginner and veteran alike Whether you're learning valuation for the first time or simply need guidance on an unfamiliar situation *Financial Valuation Workbook* provides a key resource for any business valuation professional *Study Guide for Use with Financial Accounting* Robert Libby, Patricia A. Libby, Daniel G. Short, 2003 Libby Libby Short wrote this text based on their belief that the subject of financial accounting is inherently interesting but financial accounting textbooks are often not They believe most financial accounting textbooks fail to demonstrate that accounting is an exciting field of study and one that is important to future careers in business When writing this text they considered career relevance as their guide when selecting material and the need to engage the student as their guide to style pedagogy and design Libby Libby Short is the only financial accounting text to successfully implement a real world single focus company approach in every chapter Students and instructors have responded very favorably to the use of focus companies and the real world financial statements The companies chosen are engaging and the decision making focus shows the relevance of financial accounting regardless of whether or not the student has chosen to major in accounting
