Fishermans World:

Field & Stream ,1972-12 FIELD STREAM America s largest outdoor sports magazine celebrates the outdoor experience with great stories compelling photography and sound advice while honoring the traditions hunters and fishermen have passed down for generations *The Ferrari in the Bedroom* Jean Shepherd,2010-06-16 Jean Shepherd was one of America s favorite humorists his most notable achievement being the creation of the indefatigable Ralphie Parker and his quest for a BB gun in the holiday classic A Christmas Story But he was so much more a comic Garrison Keillor like figure whose unique voice transcended the airwaves and affected a whole generation of nostalgic Americans The Ferrari in the Bedroom is Shepherd s wry affectionate look at the hang ups and delusions of Americans in the 1970s From his sardonic assessment of fads such as the nostalgia craze Thinking that the old days were good is a terrible sickness Everything was just as bad then as it is now to a modest proposal for the foundation of S P L A T The Society for the Prevention of the Leaving of Animal Turds Jean Shepherd provides a generous measure of his special brand of wise and warm humor as an antidote for some of America s more ridiculous obsessions *Entrepreneurship in Africa* David S. Fick,2002-03-30 Who are the entrepreneurs who have achieved success wealth and recognition in their African homelands and how did they do it Entrepreneur Dave Fick interviewed several hundred women and men who were willing to assume risks often spectacular ones for personal economic gain but who did it legally ethically and who are now giving back to their nations and societies at least as much as they received They speak openly of their hardships and failures what they did right and what they did wrong and their accounts are remarkable We gain insight into the way business must be done under harsh political and economic circumstances but we also learn unusual techniques and strategies that others in more favorable milieus can use to accomplish similar feats With commentaries from notable scholars and other businesspeople and with Fick s own first hand onsite observations the book is a self educating colloquium a collection of personal meetings accounts letters emails and telephone calls between Fick his counterparts in Africa and others around the world It is also an attempt to encourage a dialogue that will accelerate the exchange and spread of knowledge and ideas and a way to help the people of Africa build a peaceful and better society for themselves and the world *Forces of Nature* Bernadette H. Hyner,2009-03-26 In Forces of Nature the authors investigate the relationships between the natural world and gender and sexuality The authors explore the frameworks within which femininity and nature have been constructed as well as the impact nature has had on our understandings of masculinity homosexuality and heterosexuality For some writers nature has restorative powers for others nature embodies violence and destruction Yet one common thread runs across all of the chapters in this collection nature and animals can not be separated from the human experience Forces of Nature brings to light the intimate connection humans have with the natural world and provides students and scholars with innovative readings of both canonical and noncanonical texts
