The Sleeping Tiger Marjorie McEvoy, 1983      *The Election of Ideologies* Marie Stacey, 2008-10 With Barack Obama chosen as the new President Elect it is very important to become informed on the ideologies mindsets and beliefs that will guide Obama's Presidency and dominate his principles My book explains information about the United States Government relevant to United States Citizens I am an American and wish to uphold the ideals of freedom within the walls of the United States of America Those values are very important to protect and uphold True Conservatism is in revival mode in the United States right now and I am one of many trying to resuscitate it Conservatism is a unique and interesting branch of philosophy based ideological preferences for the world for government and for society While Conservatism is still a major contender in the political climate of any election in America Conservatism needs a revival from the current constraints put on it by the Republican Party I promote Conservatism of Capitalism Freedom Liberty the Constitution and the Declaration of Independence This book is written from that perspective and encompasses a viewpoint not generally portrayed on Television or in the mainstream Americans in the wake of an Obama Presidency should yearn for more knowledge on the man that will guide our country for the next four years Only with knowledge can we pursue goals Everyone knows this I bring facts into this book that have been discussed in very few other media outlets the coverup going on only begins with Obama it also encompasses the Democratic Congress who has failed to impose any substantial helpful legislation      Circus Frederic Weinstein, 2006-12 A tour de force of astonishing power and poetry Circus uses the mystic panorama of a traveling mud show as a metaphor for the neverending cycle of life Dwarves and roustabouts clowns and elephants freaks and puppet shows snakes and ringmasters talking beasts and a single elusory beauty all parade before a silently observant child over the course of a single day engaging him as well as the reader with humor ribaldry and prophetic wisdom A testament to the mystery of creation Circus challenges and inspires To read it is to celebrate everything majestic and terrible about the world the firmament and mankind's precarious place in it      **Sleeping Tiger** Joanna Mansell, 1986      *Bowker's Guide to Characters in Fiction* 2007, 2008-02      *Words on Cassette*, 1997      **The countess of Pembroke's Arcadia [abridged] with notes and intr. essay by H. characterization of the genre of the text as a work of literary culture and replaced it with another as a work of remembered tradition This book examines R m yana commentaries poetic retellings and praise poems produced by intellectuals within the r vaisnava order of South India from 1250 to 1600 and shows how these intellectuals reconceptualized R ma s story through the lens of their devotional metaphysics r vaisnavas applied innovative interpretive techniques to the R m yana including allegorical reading lesa reading reading a verse as a double entendre and the application of vernacular performance techniques such as word play improvisation repetition and novel forms of citation The book is of interest not only to R m yana specialists but also to those engaged with Indian intellectual history literary studies and the history of religions     **The Sháh námeḥ, tr. and abridged in prose and verse, with notes by J.
