The Fantastic Tzvetan Todorov, 1975 In *The Fantastic* Tzvetan Todorov seeks to examine both generic theory and a particular genre moving back and forth between a poetics of the fantastic itself and a metapoetics or theory of theorizing even as he suggests that one must as a critic move back and forth between theory and history between idea and fact His work on the fantastic is indeed about a historical phenomenon that we recognize about specific works that we may read but it is also about the use and abuse of generic theory As an essay in fictional poetics *The Fantastic* is consciously structuralist in its approach to the generic subject Todorov seeks linguistic bases for the structural
