Finnish Film Studios provides a thorough examination of Finnish film industry through the core decades of the studio era from the early 1920s to the early 1960s Laine analyses the contributions of fully integrated major companies Suomi Filmi Suomen Filmiteollisuus and Fennada Filmi in addition to minor companies and independent producers that were responsible for some of the canonized work of the studio era including the films of Teuvo Tulio and Nyrki Tapiovaara This study approaches Finnish studio cinema as both typical and particular it is a typical European small nation cinema with its industrial structures reliance on hierarchical organisation of labour and love hate relationship with Hollywood yet it is particular not only in its genres cycles and hugely popular domestic stars but also because films were made in the constant presence of geopolitical realities at times under the influence of Germany and the Soviet Union      **The Oxford Guide to Literature in English Translation** Peter France, 2000 Translation has been a crucial process in world culture over the past two millennia and more In the English speaking cultures many of the most important texts are translations from Homer to Beckett the Bible to Freud Although recent years have seen a boom in translation studies there has been no comprehensive yet convenient guide to this essential element of literature in English Written by eminent scholars from many countries the Oxford Guide to Literature in English Translation meets this need and will be essential reading for all students of English and comparative literature It highlights the place of translation in our culture encouraging awareness of the issues raised making the translator more visible Concentrating on major writers and works it covers translations out of many languages from Greek to Korean from Swahili to Russian For some works e g Virgil's Aeneid which have been much translated the discussion is historical and critical showing how translation has evolved over the centuries and bringing out the differences between versions Elsewhere with less familiar literatures the Guide examines the extent to which translation has done justice to the range of work available The Guide is divided into two parts Part I contains substantial essays on theoretical questions a pioneering outline of the history of translation into English and discussions of the problems raised by specific types of text e g poetry oral literature The second much longer part consists of entries grouped by language of origin some are devoted to individual texts e g the Thousand and One Nights or writers e g Ibsen Proust but the majority offer a critical overview of a genre e g Chinese poetry Spanish Golden Age drama or of a national literature e g Hungarian Scottish Gaelic There is a selective bibliography for each entry and an index of authors and translators      **Nordic Literature of Decadence** Pirjo Lyytikäinen, Riikka Rossi, Viola Parente-Čapková, Mirjam Hinrikus, 2019-07-11 Nordic Literature of Decadence fills a gap on the map of world literature and participates in a thriving area of research by extending the investigation of broadly understood fin de siècle decadence to unexplored areas of Nordic literature which remain practically unknown to Anglophone

audiences In the Nordic countries the new Parisian movements were seen as having caused a malicious invasion a black flood that was spreading over the North destroying the very foundations of Nordic national cultures Nevertheless the appeal of this controversial movement was irresistible to discontents and innovators even in countries where the old moral religious and nationalist atmosphere still retained its stranglehold and modern urban industrial and social developments lagged behind that of the metropolises breeding this new literature and art The Nordic countries developed their own distinctive manifestations of decadence favouring allegorical and allusive forms local rural settings and depictions of primitive nature coupling the philosophical underpinnings of fin de siècle decadence with ancient Nordic mythology and rising national movements Nordic decadence thus became a distinctive and recognizable phenomenon which travelled back to France and other European countries influencing the ongoing debate on decadence as it was conducted on a global scale Nordic Literature of Decadence discusses literature from five Nordic countries Denmark Norway Sweden Finland and Estonia and offers additional and alternative perspectives to the cosmopolitan traffic and cultural exchanges of literary decadence that have been explored so far in the English language scholarship **Scandinavia** Elias Bredsdorff,1981 **Scandinavian Review** ,1939 **Literature, 1901-1967** Horst Frenz,1999 <http://www.worldscientific.com/worldscibooks/10.1142/3738>

**Nordic Literature** Steven P. Sondrup,Mark B. Sandberg,Thomas A. DuBois,Dan Ringgaard,2017-12-15 Nordic Literature A comparative history is a multi volume comparative analysis of the literature of the Nordic region Bringing together the literature of Finland continental Scandinavia Sweden Norway Denmark and S pmi and the insular region Iceland Greenland and the Faroe Islands each volume of this three volume project adopts a new frame through which one can recognize and analyze significant clusters of literary practice This first volume Spatial nodes devotes its attention to the changing literary figurations of space by Nordic writers from medieval to contemporary times Organized around the depiction of various scapes and spatial practices at home and abroad this approach to Nordic literature stretches existing notions of temporally linear nationally centered literary history and allows questions of internal regional similarities and differences to emerge more strongly The productive historical contingency of the North as a literary space becomes clear in this close analysis of its literary texts and practices **The American-Scandinavian review** ,1933 *Saturday Review of Literature* ,1939
