

# **Sociology and the Making of Modern Society**

---

**Introduction:** Sociology is the study of human societies. It has always been a vital tool for understanding our daily lives and the social world around us. As technology advances, sociology has become even more important, as it can help us understand the effects of new technologies on society as a whole. This book will explore how sociology has shaped both modern society and its future.

## **Sociological theories about society.**

Sociology research explores how society influences individuals and groups. This can include looking at how people interact with each other, the way in which society defines their roles and responsibilities, and the ways in which social institutions help or hinder individual development.

In addition to studying sociology, students may also want to explore different sociological theories about society in order to better understand its various aspects. These theories may include Marxism, Freudianism, and Durkheim's theory of change.

## **Societies and their Structure.**

Sociological research examines how societies are organized into large groups with specific privileges and duties. This can involve studying how social classes divide the population, the way in which power is exercised by leaders, or the way in which family lives shape people's lives.

Different sociological theories might also focus on different aspects of society: such as exploring how class differences affect individuals' behaviour or understanding how ethnicity shapes individual lives.

**The Making of Modern Society** Robert A. Nisbet,1986      **Language and Revolution** Igal Halfin,2004-08-02 This work examines the role of language in forging the modern subject Focusing on the idea of the New Man that has animated all revolutionaries the present volume asks what it meant to define oneself in terms of one's class origins gender national belonging or racial origins

**Love and Sexuality in Dystopian Fiction. An Analysis of "Brave New World" and "Nineteen Eighty-Four"** Lena Gräf,2016-04-26 Seminar paper from the year 2015 in the subject English Language and Literature Studies Literature grade 2 3 language English abstract This term paper is supposed to deal with how love and sex are depicted in Brave New World and 1984 and if there are any similarities between them Furthermore we will take a brief look at differences and similarities to love and sex in our society What is the attitude towards marriage these days And what is the role of love in all of that After this we will then hopefully be able to identify what love and sex in dystopian fiction means Ever since Thomas More's Utopia love and sex have been a part of dystopian novels In Thomas More's times his depictions were groundbreaking Women were not allowed to marry until they were 18 In the past this was highly unusual since most women married at the age of around 14 Furthermore divorce is forbidden which at this point mirrors the time More lived in This clearly influenced all the following writers of dystopian novels They imagine a world that is negatively silhouetted against their own world And since love is a big part of every society it is also a big part in every dystopian society When looking for the most famous dystopian novels on Google two that are immediately suggested are Brave New World by Aldous Huxley and 1984 by George Orwell Both have one thing in common their rather negative and for us rather unusual attitude towards love relationships and sex

**Making modern mothers** Rachel Thomson,Mary Jane Kehily,Lucy Hadfield,Sue Sharpe,2011-06-22 What does motherhood mean today Drawing on interviews with new mothers and intergenerational chains of women in the same family this exciting and timely book documents the transition to motherhood over generations and time Exploring amongst other things the trend to later motherhood and the experience of teenage pregnancy a compelling picture emerges Becoming a mother is not only a profound moment of identity change but also a site of socio economic difference that shapes women's lives

**Knowledge, Space, Economy** John Bryson,Peter Daniels,Nick Henry,Jane Pollard,2002-01-04 We are now living through a period of knowledge capitalism in which as Castells put it the action of knowledge upon knowledge is the main source of productivity In the face of such transformation the economic social and institutional contours of contemporary capitalism are being reshaped At the heart of this world are an emergent set of economies regions institutions and peoples central to the flows and translations of knowledge This book provides an interdisciplinary review of the triad of knowledge space economy on entering the twenty first century Drawing on a variety of disciplinary backgrounds the first part of the book comprises a set of statements by leading authors on the role of knowledge in capitalism Thereafter the remaining two parts of the book explore the landscape of knowledge capitalism through a series

of analyses of knowledge in action within a range of economic political and cultural contexts Bringing together a set of authors from across the social sciences this book provides both a major theoretical statement on understanding the economic world and an empirical exemplification of the power of knowledge in shaping the spaces and places of today s society
