Barker,2011-01-06 Introducing the first book in a powerful new series The Tarcher Master Mind Editions Essential Books of  
Inspiration Instruction and Motivation What mind can conceive man can achieve Our decisions impact every area of our lives  
Making better decisions means living a better life But how can we develop the habit of making great decisions Every  
noteworthy achievement the world has ever seen was born with a single thought and every great man who ever lived has  
been a man of decision Raymond Charles Barker s The Power of Decision reveals this principle of success and illustrates the  
process of choice that all of us must take and that all of us are capable this very second of taking to change our lives and  
make our dreams come true Indecisive people are failure prone and Dr Barker examines this basic truth while exploring the  
decision making process in the individual and the role of the subconscious mind in either abetting or thwarting each of our  
conscious decisions He provides specific steps to shift the balance of decision making power in your favor and he brings to  
light the constant ever present power of will to change a situation and yourself for the better Picking up The Power of
