No One Promised Me Tomorrow June Tate, 2012-04-12 Faced with a new chance at love can she leave the past behind her June Tate's *No One Promised Me Tomorrow* the gripping sequel to *Riches of the Heart* finds Lily risking everything in order to protect the person she loves most her daughter Perfect for fans of Pam Evans and Cathy Sharp Since she found herself alone with a young daughter Lily Pickford has devoted her life to ensuring that little Victoria has everything Lily lacked in her own childhood But now a recession has cast a shadow over Lily's business in the Southampton docklands When she risks everything to save the day she finds herself separated from Victoria and facing a prison sentence for a crime she didn't commit It'll be a tough battle to get Victoria back and a fierce struggle to put food in their mouths But Lily's a fighter though she has given up on romance she's forgotten what it's like to be touched by a man Yet when Luke Longford turns his heart stopping smile her way old feelings resurface and Lily realises she's still vulnerable Is she ready for love And is Luke man enough to accept Lily for what she is and for everything she has been in her secret past What readers are saying about *No One Promised Me Tomorrow* Another great story from June Tate all her books have the right amount of sorrow intrigue and romance Couldn't put this book down Five stars

Creating the College Man Daniel A. Clark, 2010-05-25 How did a college education become so vital to American notions of professional and personal advancement Reared on the ideal of the self made man American men had long rejected the need for college But in the early twentieth century this ideal began to change as white men born in the U S faced a barrage of new challenges among them a stultifying bureaucracy and growing competition in the workplace from an influx of immigrants and women At this point a college education appealed to young men as an attractive avenue to success in a dawning corporate age Accessible at first almost exclusively to middle class white males college funneled these aspiring elites toward a more comfortable and certain future in a revamped construction of the American dream In *Creating the College Man* Daniel A Clark argues that the dominant mass media of the era popular magazines such as *Cosmopolitan* and the *Saturday Evening Post* played an integral role in shaping the immediate and long term goals of this select group of men In editorials articles fiction and advertising magazines depicted the college man as simultaneously cultured and scientific genteel and athletic polished and tough Such depictions underscored the college experience in powerful and attractive ways that neatly united the incongruous strains of American manhood and linked a college education to corporate success
