The Man Made World or Our Androcentric Culture by Charlotte Perkins Gilman Let us begin inoffensively with sheep The sheep is a beast with which we are all familiar being much used in religious imagery the common stock of painters a staple article of diet one of our main sources of clothing and an everyday symbol of bashfulness and stupidity In some grazing regions the sheep is an object of terror destroying grass bush and forest by omnipresent nibbling on the great plains sheep keeping frequently results in insanity owing to the loneliness of the shepherd and the monotonous appearance and behavior of the sheep By the poet young sheep are preferred the lamb gambolling gaily unless it be in hymns where all we like sheep are repeatedly described and much stress is laid upon the straying propensities of the animal To the scientific mind there is special interest in the sequacity of sheep their habit of following one another with automatic imitation This instinct we are told has been developed by ages of wild crowded racing on narrow ledges along precipices chasms around sudden spurs and corners only the leader seeing when where and how to jump If those behind jumped exactly as he did they lived If they stopped to exercise independent judgment they were pushed off and perished they and their judgment with them All these things and many that are similar occur to us when we think of sheep They are also ewes and rams Yes truly but what of it All

that has been said was said of sheep genus ovis that bland beast compound of mutton wool and foolishness so widely known If we think of the sheep dog and dog ess the shepherd and shepherd ess of the ferocious sheep eating bird of New Zealand the Kea and Kea ess all these herd guard or kill the sheep both rams and ewes alike In regard to mutton to wool to general character we think only of their sheepishness not at all of their ramishness or eweishness That which is ovine or bovine canine feline or equine is easily recognized as distinguishing that particular species of animal and has no relation whatever to the sex thereof We are delighted to publish this classic book as part of our extensive Classic Library collection Many of the books in our collection have been out of print for decades and therefore have not been accessible to the general public The aim of our publishing program is to facilitate rapid access to this vast reservoir of literature and our view is that this is a significant literary work which deserves to be brought back into print after many decades The contents of the vast majority of titles in the Classic Library have been scanned from the original works To ensure a high quality product each title has been meticulously hand curated by our staff Our philosophy has been guided by a desire to provide the reader with a book that is as close as possible to ownership of the original work We hope that you will enjoy this wonderful classic work and that for you it becomes an enriching experience
