Socratic Wisdom The Model Of Knowledge In Platos Early Dialogues

Daniela Niemeyer

Socratic Wisdom The Model Of Knowledge In Platos Early Dialogues:

Socratic Wisdom : The Model of Knowledge in Plato's Early Dialogues Hugh H. Benson Professor of Philosophy University of Oklahoma,2000-01-05 While the early Platonic dialogues have often been explored and appreciated for their ethical content this is the first book devoted solely to the epistemology of Plato s early dialogues Author Hugh H Benson argues that the characteristic features of these dialogues Socrates method of questions and answers elenchos his fascination with definition his professions of ignorance and his thesis that virtue is knowledge are decidedly epistemological In this thoughtful study Benson uncovers the model of knowledge that underlies these distinctively Socratic views What emerges is unfamiliar yet closer to a contemporary conception of scientific understanding than ordinary knowledge

Oxford Studies in Ancient Philosophy, Volume 42 Brad Inwood,2012-07-19 Oxford Studies in Ancient Philosophy is a volume of original articles on all aspects of ancient philosophy The articles may be of substantial length and include critical notices of major books OSAP is now published twice yearly in both hardback and paperback The serial Oxford Studies in Ancient Philosophy OSAP is fairly regarded as the leading venue for publication in ancient philosophy It is where one looks to find the state of the art That the serial which presents itself more as an anthology than as a journal has traditionally allowed space for

lengthier studies has tended only to add to its prestige it is as if OSAP thus declares that since it allows as much space as the merits of the subject require it can be more entirely devoted to the best and most serious scholarship Michael Pakaluk Bryn Mawr Classical Review

The Oxford Handbook of Plato Gail Fine,2008-08-13 Plato is the best known and continues to be the most widely studied of all the ancient Greek philosophers The twenty one commissioned articles in The Oxford Handbook of Plato provide in depth and up to date discussions of a variety of topics and dialogues The result is a useful state of the art reference to the man many consider the most important philosophical thinker in history Each article is an original

contribution from a leading scholar and they all serve several functions at once they survey the lay of the land express and develop the authors own views and situate those views within a range of alternatives This Handbook contains chapters on metaphysics epistemology love language ethics politics art and education Individual chapters are devoted to each of the following dialogues the Republic Parmenides Theaetetus Sophist Timaeus and Philebus There are also chapters on Plato and the dialogue form on Plato in his time and place on the history of the Platonic corpus on Aristotle s criticism of Plato and on Plato and Platonism

Socrates William J. Prior,2019-11-05 Socrates is one the most important thinkers in western philosophy yet he remains enigmatic having left behind no works of his own Instead his thought is understood primarily through the work of his followers particularly Plato Yet Plato s dialogues can offer conflicting portraits of Socrates On the one hand he is portrayed as barren of wisdom he has questions but no answers On the other he appears to be fertile he has important things to say about those questions Can he be both Although Plato s works focus on Socrates questions not his answers a careful reading can reveal many of Socrates likely views In this accessible introduction William Prior assesses

Socrates the man his famous trial and the nature of his philosophy He explores Socrates intellectualism conception of the good life his religious views and his thoughts concerning justice All the way through Prior reflects on Socrates distinctive method of asking questions and the enormous influence he has had on philosophy to this day Montaigne and the

1969 include a section of abstracts **Socratic Ignorance and Platonic Knowledge in the Dialogues of Plato** Sara Ahbel-Rappe,2018-04-25 In this highly original and provocative book Sara Ahbel Rappe argues that the Platonic dialogues

contain an esoteric Socrates who signifies a profound commitment to self knowledge and whose appearances in the dialogues are meant to foster the practice of self inquiry According to Ahbel Rappe the elenchus or inner examination and the thesis

that virtue is knowledge are tools for a contemplative practice that teaches us how to investigate the mind and its objects directly In other words the Socratic persona of the dialogues represents wisdom which is distinct from and serves as the

larger space in which Platonic knowledge ethics epistemology and metaphysics is constructed Ahbel Rappe offers complete

readings of the Apology Charmides Alcibiades I Euthyphro Lysis Phaedrus Theaetetus and Parmenides as well as parts of the Republic Her interpretation challenges two common approaches to the figure of Socrates the thesis that the dialogues

represent an early Plato who later disavows his reliance on Socratic wisdom and the thesis that Socratic ethics can best be

expressed by the construct of eudaimonism or egoism Hermathena ,2000

Unveiling the Magic of Words: A Overview of "**Socratic Wisdom The Model Of Knowledge In Platos Early Dialogues**"

In a global defined by information and interconnectivity, the enchanting power of words has acquired unparalleled significance. Their ability to kindle emotions, provoke contemplation, and ignite transformative change is really awe-inspiring. Enter the realm of "**Socratic Wisdom The Model Of Knowledge In Platos Early Dialogues**," a mesmerizing literary masterpiece penned with a distinguished author, guiding readers on a profound journey to unravel the secrets and potential hidden within every word.
