Soe Recollections And Reflections 1940-45:

SOE Recollections and Reflections, 1940-1945 John Grosvenor Beevor, 1981 **SOE Syllabus**, 2004 In the early years of World War II prospective agents for the Special Operations Executive were trained in the black arts of camouflage sabotage and subterfuge. This training took place in a variety of requisitioned country houses all over Britain from Arisaig in the highlands of Scotland to Beaulieu Manor in the New Forest. This book reproduces the extensive training manuals used to prepare agents for their highly dangerous missions behind enemy lines. The courses covered a variety of clandestine skills including disguise, surveillance, burglary, interrogation, close combat and assassination. In short, everything needed to wreak havoc in occupied Europe. Denis Rigden's expert introduction sets the file in its historical context and includes stories of how these lessons were carried out on actual wartime missions.

SOE Syllabus Denis Rigden, 2001 This book tells how in the early years of World War II SOE set up top secret Special Training Schools (STSs) to instruct prospective agents in the arts of camouflage, sabotage and subterfuge. The training materials are reproduced here in full book jacket.

[The French Empire at War, 1940-45](#) Martin Thomas, 1998 Draws on original research to look at the history of the divided French Empire, the Vichy and Free French Empires during World War II. The text argues that although the Vichy and Free French colonial authorities were only rarely masters of their own destiny during the war, preservation of some imperial control helped them both in different ways. The Vichy government used the empire to withstand German, Italian pressure for concessions in metropolitan France and it was key to their claim to be more than the mouthpiece of a defeated nation.

Murphy, 2006-10-10 Security and Special Operations offers the first comprehensive history of the Security Section of the Special Operations Executive and its relationship with MI5 during the Second World War. The book makes extensive use of recently declassified files in order to examine the development of liaison between the two organizations. It explores SOE's involvement with MI5's double cross operations and offers a fresh perspective on both the Englandsspiel disaster in Holland and the case of the notorious agent Henri Dericourt.

[Through Hitler's Back Door](#) Alan Ogden, 2010 This is a story about the courage of individuals in the face of overwhelming odds during SOE mission in Nazi allied countries. Although nearly all SOE personnel were either killed or captured, the impact of their operations served as a persistent irritant undermining Germany's strategic and political assumptions about the loyalty of her allies.
