Soft Wars:

Ethics and Military Strategy in the 21st Century George Lucas, Jr.,2019-07-10 This book examines the importance of military ethics in the formulation and conduct of contemporary military strategy Clausewitz's original analysis of war relegated ethics to the side lines in favor of political realism interpreting the proper use of military power solely to further the political goals of the state whatever those may be This book demonstrates how such single minded focus no longer suffices to secure the interest of states for whom the nature of warfare has evolved to favor strategies that hold combatants themselves to the highest moral and professional standards in their conduct of hostilities Waging war has thus been transformed in a manner that moves beyond Clausewitz's original conception rendering political success wholly dependent upon the cultivation and exercise of discerning moral judgment by strategists and combatants in the field This book utilizes a number of perspectives and case studies to demonstrate how ethics now plays a central role in strategy in modern armed conflict This book will be of much interest to students of just war ethics military strategy and international relations

Signal ,2008 Critical Infrastructure Resilience and Sustainability Reader Ted G. Lewis,2023-08-29 Critical Infrastructure Resilience and Sustainability Reader Identify and protect critical infrastructure from a wide variety of threats In Critical Infrastructure Resilience and Sustainability Reader Ted G Lewis delivers a clear and compelling discussion of what infrastructure requires protection how to protect it and the consequences of failure Through the book you'll examine the intersection of cybersecurity climate change and sustainability as you reconsider and reexamine the resilience of your infrastructure systems The author walks you through how to conduct accurate risk assessments make sound investment decisions and justify your actions to senior executives You'll learn how to protect water supplies energy pipelines telecommunication stations power grids and a wide variety of computer networks without getting into the weeds of highly technical mathematical models Critical Infrastructure Resilience and Sustainability Reader also includes A thorough introduction to the daunting challenges facing infrastructure and the professionals tasked with protecting it Comprehensive explorations of the proliferation of cyber threats terrorism in the global West climate change and financial market volatility Practical discussions of a variety of infrastructure sectors including how they work how they're regulated and the threats they face Clear graphics narrative guides and a conversational style that makes the material easily accessible to non technical readers Perfect for infrastructure security professionals and security engineering firms Critical Infrastructure Resilience and Sustainability Reader will also benefit corporate security managers and directors government actors and regulators and policing agencies emergency services and first responders **A Mirror For Our Times** Paul Weller,2009-02-22 26th September 2008 marks the twentieth anniversary of the beginning of The Satanic Verses controversy a controversy that in many ways became paradigmatic for the following two decades Taking as its starting point the opening two years of the controversy Paul Weller uses the events and arguments of those years as a lens through which to view what

later developed both in relation to the controversy itself but also its wider entails and the incidents and issues through which aspects of the original controversy were reprised The anniversary of the controversy presents a good opportunity to review the incidents issues and debates of the time in some historical perspective while also connecting them with subsequent incidents that have reprised some of the key themes such as the cartoons controversy the terror attacks of 9 11 and 7 7 and the killing of the Dutch filmmaker Theo Van Gogh The book holds up a mirror for our times that will be of interest to academics politicians students and religious believers as well as to all who are engaged with the twenty first century challenges posed by living with radical difference freedom of expression and mutual respect with exploring the relationship between religion and secularity and with overcoming the threats posed by religiously informed violence

Ovid's Art of Love, in Three Books Ovid,1758 [Asia-Pacific in the New World Order](#) Christopher Brook,Anthony McGrew,2013-11-05

Asia Pacific in the New World Order critically explores the notion that a distinctive regional power bloc is developing linking countries bordering the Pacific with East Asia at its core This student friendly volume sheds light on the complex interplay between global regional and national forces which have transformed the Asia Pacific area into one of the most vibrant and economically successful regions in the world Historical narratives alongside geopolitical and geoeconomic perspectives are deployed to examine the shifting pattern of power relations and security structures across the region set within a wider world context Key issues addressed include what are the primary security problems of the region and how are they being resolved does the dynamic growth of the region and particularly the rise of China pose a challenge to existing structures of world order The text has a strong interdisciplinary flavour drawing on analytical approaches from the international relations political economy and political geography literature Authors have been drawn from the Asia Pacific region and the UK and all are established scholars in their specialist fields

[Kant and the Theory and Practice of International Right](#) Georg Cavallar,2020-03-01 A similar book is Reidar Maliks Kant s Politics in Context Oxford Oxford University Press 2014 but it does not focus on international law Pauline Kleingeld s Kant and Cosmopolitanism The Philosophical Ideal of World

Citizenship Cambridge Cambridge University Press 2012 touches upon international relations but is mainly a book on Kant s cosmopolitanism and a comparison with other 18c thinkers

Arab-Iranian

Relations Since the Arab Uprisings Mahjoob Zweiri, 2023-09-01 Unlike most writing on Arab Iran relations which looks at specific episodes and specific countries this book taking a long term view assesses the overall dynamics of the relationship discussing in particular how far religion or politics drives the relationship It argues that although Iran asserts that religion is a key factor underpinning a coherent approach to international relations in fact what turns out to be the key factor is the politics of particular circumstances and Iran's specific interests The book considers Iran's differing reactions to the Arab uprisings of 2011 onwards showing that while Iran supported the uprisings in some countries it sided with repressive governments in other countries The book also examines Iran's reaction to its own outbreak of popular discontent in 2009 which was controlled by what has been considered as severe repression and explores how Iran is viewed by ordinary people in different Arab countries Chapter 1 of this book is freely available as a downloadable Open Access PDF at <http://www.taylorfrancis.com> under a Creative Commons Attribution Non Commercial No Derivatives CC BY NC ND 4.0 license Soft Wars Selmer Bringsjord, 1991
