The workshop was hosted by the Air Force Systems Command's Rome Laboratory and sponsored by The Technical Cooperation Program (TTCP). The workshop brought together experts from government, industry, and academia to examine the state of the art and state of the practice of software measurement technology and to share ideas and develop recommendations for further development and application of software metrics. Four panels were convened to look at four different but overlapping aspects of software metrics: namely software product metrics, software process metrics, system metrics, and software metrics in acquisition. The findings of the panels are presented in this proceedings. *WETSoM 2015*, 2015. Proceedings of the Sixth International Workshop on Emerging Trends in Software Metrics.
