The Meeting of the Minds Derrick Belanger, Sean Venning, Thomas A Burns, Jr, 2021-03-27 In 1928 a nineteen year old Wisconsin college student named August Derleth 1909 1971 audaciously wrote to Sir Arthur Conan Doyle asking if there would be any more Sherlock Holmes stories The response from Dr Watson s Literary Agent was a terse No Then Derleth ambitiously countered Could he write some The reply Another No Derleth unsatisfied with that answer resolved to produce Sherlockian style stories of his own Flipping ahead on his calendar he famously wrote on an upcoming date In Re Sherlock Holmes When that date arrived he duly sat down and recorded The Adventure of the Black Narcissus but not about Holmes Rather he transcribed from the notes of Dr Lyndon Parker the first narrative introducing the world to Solar Pons The Sherlock Holmes of Praed Street The world knows of Sherlock Holmes For those who haven t yet been lucky enough to yet meet Mr Pons one should know that he is a Great Detective in the Holmesian Mold He models himself after Holmes wearing the expected deerstalker and Inverness He investigates using ratiocination observation and deduction His adventures set in the 1920 s and 1930 s are transcribed by his friend Dr Parker He lives in London working closely with Scotland Yard and he helps to fill the vacuum left when Sherlock Holmes retired to Sussex Throughout the Pontine Canon there are references to Sherlock Holmes For long decades Pons fans and scholars have speculated on the connection between the two Now after all this time nearly one hundred years since the last Canonical Holmes story was published and Derleth recorded the first Pons tale Belanger Books proudly presents the stories that provide answers *The Meeting of the Minds* These companion volumes contain eighteen new adventures in two companion volumes by some of today s best Holmesian and Ponsian authors Join us again at 7B Praed Street where The Game is Afoot [The Original Text Solar Pons Omnibus Edition](#) August Derleth, 2000

New Sherlock Holmes Stories burst upon the scene featuring adventures set within the correct time period and written by many of today's leading Sherlockian authors from around the world. Those first three volumes were overwhelmingly received and there were soon calls for additional collections. Since then their popularity has only continued to grow. In Fall 2016 the series presented its first themed collection Part V Christmas Adventures containing 30 new adventures that proved to be extremely and enduringly popular. With that in mind we now revisit that season with 57 more Christmas Adventures ranging from a consequential case that occurred when Holmes was still a teenager to another in the late 1920s when Holmes in retirement was still at the top of his game. The fifty-seven stories in these three companion volumes are a thrilling mix of mysteries whatever the season. Some are directly involved with Christmas while others occur during and in around that season. These represent some of the finest new Holmesian storytelling to be found by the best pasticheurs and once again they honor the man described by Watson as the best and wisest whom I have ever known. 57 new traditional Holmes adventures in three simultaneously published volumes. The game is afoot. All royalties from this collection are being donated by the writers for the benefit of the preservation of Undershaw, one of the former homes of Sir Arthur Conan Doyle.

Transfictional Character and Transmedia Storyworlds in the British Nineteenth Century Erica Haugtvedt, 2022-11-17. This book is a study of how transfictional and transmedia storytelling emerges in the nineteenth century and how the period's receptive practices anticipate the receptive practices of fandom and transmedia storytelling franchises in the twentieth and twenty-first centuries. The central claim is that the serialized periodical and dramatic media environment of the late eighteenth century through the nineteenth century in Great Britain trained audiences to perceive the continuous identity of characters and worlds across disparate texts, illustrations, plays, and songs by creators other than the earliest originating author. The book contributes to fan studies, transmedia studies, and nineteenth-century periodical studies while also interrogating the nature of fictional character.
