Software Industry Accounting 1995:

Software Industry Accounting, 1995 Cumulative Supplement Joseph Morris, 1995-04-10 The rules and regulations governing accounting of the software industry are very different from other industries The software industry has unique accounting concerns such as capitalization of development costs and software revenue recognition Detailed implementation guidance is provided for all rules and regulations This special report covers the recently released AICPA Statement of Position 97 2 Software Revenue Recognition This statement was developed to address the shortcomings of SOP 91 1 and establishes an overall framework from which constituents must develop more specific revenue recognition practices SOP 97 2 addresses the accounting for revenue earned from licensing selling and otherwise marketing of software Microsoft, Antitrust and the New Economy: Selected Essays David S. Evans, 2006-04-11 No antitrust case in recent history has attracted as much public attention as U S v Microsoft Corp Nor has any antitrust case in memory raised as many complex substantive issues of law economics and public policy Microsoft Antitrust and the New Economy Selected Essays constitutes an early effort to analyze some of the central issues and to put the case in the context of the ongoing debate over the role of government in managing markets especially in technology driven New Economy industries All of these essays it should be noted are written by critics of the government s efforts to regulate Microsoft Indeed many are by individuals who were closely involved in the company s legal defense and served as consultants to Microsoft But their work should be judged on the merits rather than their provenance For all represent serious scholarship by researchers committed to advancing the debate over government regulatory policies *Monthly Catalog of United States Government Publications* United States.
