**The Solid Mandala /Patrick White** Patrick White,1969      The Solid Mandala Patrick White,2011-01-11 This is the story of two people living one life Arthur and Waldo Brown were born twins and destined never to grow away from each other They spent their childhood together Their youth together Middle age together Retirement together They even shared the same girl They shared everything except their view of things Waldo with his intelligence saw everything and understood little Arthur was the fool who didn't bother to look He understood      **The Solid Mandala. (Novel. Repr.).** Patrick White,1981      The Rocks and Sticks of Words Gordon Collier,2021-11-15      **Inlets of the Soul** Pierre François,1999 The relationship of myth to literature has largely been overshadowed in contemporary theory by perspectives of a linguistic or sociological orientation and by relativist sometimes negatory stances on all searches for meaning This book attempts to show that myth criticism and critical theories of more recent provenance are not irreconcilable While taking into consideration some of the more influential tenets of structuralist post structuralist Marxist and feminist theory it applies a post Jungian archetypal approach to illustrating the perennial nature of a particular myth the Fall of Man in two main traditions Mesopotamian and Christian and in the contemporary novel in English The discussions of five major novels by William Golding Patrick White Martin Amis Salman Rushdie and Wilson Harris not only serve to expand the mythological insights achieved in the first part of the book they also suggest the incommensurability of imaginal novelistic life with mythology s age old intuitions about the human condition Myth criticism emerges from this book as an irreplaceable vantage point from which man's lapsarian predicament can be scrutinized synchronically as archaic wisdom contemporary anxiety and post colonial commitment to the building of a new human city      **Patrick White's Fiction** Carolyn Bliss,1986-08-18 This study examines all eleven novels of Patrick White the great Australian writer and Nobel Prize winner It begins from the observation that major characters in his novels undergo a necessary redemptive or facilitating failure This failure paradoxically enables their success within the context of what White has called the overreaching grandeur which circumscribes human existence Evolution of this theme is traced through forty years of White's fiction from his first novel Happy Valley 1939 to his most recent work The Twyborn Affair 1979 Comprehensive in its scope this book is informed by a thorough knowledge of White's poetry plays short stories and autobiography as well as his novels It is also unique in stressing that White's world view derives from a distinctly Australian experience It thus links him to a country in which he is deeply rooted and to a heritage he continued to affirm      **Literary Activists** ,2009-09 Uniquely examining the link between Australian writers and social change this study investigates the motives behind literary figures who strive to become activists and social intellectuals Exploring this intimate connection this resource asks what such a bond reveals about Australian literature and the power of the written word With fresh insight this guide delves into the activism careers and writings of Judith Wright Patrick White Oodgeroo of the tribe of Noonuccal Les Murray Helen Garner David Malouf and Tim Winton      *A Masterpiece of World*
